Dear Dave:

Your recent letter has been received and I'm glad to know that at least the Doyles will eat well this winter.

I am interested in the subject of catastrophic illness and would like to have some information on it if it wouldn't be too much trouble.

No definite plans yet made on the proposed trip but I imagine I will be advised on it within the next week. Incidentally, I'll be glad to say a good word for Jack Epenbrock and do what I can for him.

With kindest personal regards,
