

# United States Department of Agriculture,

## OFFICE OF THE SECRETARY.

---

### NOTICE OF JUDGMENT NO. 607, FOOD AND DRUGS ACT.

---

#### ADULTERATION OF MILK.

On or about March 16, 1909, Henry A. Boberink, Lawrenceburg, Ind., shipped from the State of Indiana to the State of Ohio a quantity of milk. Samples from this shipment were procured and analyzed by the Bureau of Chemistry, United States Department of Agriculture, and as it appeared from the findings of the analyst and report thereon that the product was adulterated within the meaning of the Food and Drugs Act of June 30, 1906, the Secretary of Agriculture afforded said Henry A. Boberink and the party from whom the samples were procured opportunities for hearings. As it appeared after hearings held that the said shipment was made in violation of the act, the Secretary of Agriculture reported the facts to the Attorney-General, with a statement of the evidence upon which to base a prosecution.

In due course an indictment was brought by the grand jurors of the United States in and for the District of Indiana, at the November term of the District Court of the United States for said district, against the said Henry A. Boberink, charging the above shipment, and alleging that the product so shipped was adulterated, in that it consisted in whole or in part of a filthy, decomposed, and putrid animal substance.

On November 30, 1909, the defendant entered a plea of guilty, and the court imposed a fine of \$10 and costs.

This notice is given pursuant to section 4 of the Food and Drugs Act of June 30, 1906.

W. M. HAYS,  
*Acting Secretary of Agriculture.*

WASHINGTON D. C., *September 10, 1910.*
