

5514. **Adulteration of milk. U. S. \* \* \* v. Robert S. Oliver. Plea of guilty. Fine, \$25. (F. & D. No. 332-c.)**

On February 13, 1917, the United States attorney for the District of Columbia, acting upon a report by the health officer of said District, authorized by the Secretary of Agriculture, filed in the police court of the District aforesaid an information against Robert S. Oliver, Barcroft, Va., alleging the shipment by said defendant, in violation of the Food and Drugs Act, on February 8, 1917, from the State of Virginia into the District of Columbia, of a quantity of milk which was adulterated.

Adulteration of the article was alleged in the information for the reason that it had been mixed and packed with a substance, to wit, water, which reduced and lowered its quality.

On February 13, 1917, the defendant entered a plea of guilty to the information, and the court imposed a fine of \$25.

CARL VROOMAN, *Acting Secretary of Agriculture.*
