

you feel older than you should; if suffering from any after effects of any diseases—flu, pneumonia, overwork or nervous breakdown—you will find relief in our Allgland Tablets; * * * As a rejuvenator for man or woman * * * If You Are A Woman you may suffer from some of the ills peculiar to your sex, such as weakness, irregularities, despondency or lack of energy. If so, you will find Allgland Tablets the true remedy for any female trouble. Also Fibroid Tumors, Inflammations, Enlargement of the Neck, Irregular Monthlies, Hot Flashes, feeling as though you would blow up, urinating too often, and, in fact, any and all diseases coming on at any time of life, old or young. Take one tablet every three hours until a feeling of relief, which is from two to four days, then a tablet three times a day kept up for a long time. Where there is or might develop a cancerous condition, write the medical director. Most women as they enter the fortieth year of age commence a change of gland action. This stopping of the action of some glands causes nature to start up more action in some other glands. Nature sometimes does not do this, for the reason that the right gland food is not supplied, or if supplied, is not in a form to be taken into the system, or from this same cause, may overwork some other gland, thereby creating a greater unbalance, so that the nervous diseases and others start. There will be hot flashes, nervousness or neurosis of all nerves. The mind gets weak but excitable. Fibroid tumors, etc., may start. If these patients will take Allgland steadily for a few years they will pass through this time of life without trouble. They will prevent as well as relieve all such troubles. If You have a daughter or son who is troubled with Pimples On The Face they will get relief by taking Allgland Tablets. * * * The cause of this trouble is a Glandular Unbalance, showing that they are not developing as they should. The correcting of this trouble by Nature's Remedy, Allgland Tablets, does more good and prevents other troubles in later years. Lack of Development in Children * * * A child that overgrows shows that the glandular system is unbalanced just as much as an undergrowth does, and the same treatment applies to both. If you are all run-down and worn out, take two tablets before meals and at bedtime. They will make you a stronger man or woman and will make you feel younger. * * * As soon as you notice relief. * * * Being a food to the body, nerves, blood and glands, it corrects diseased conditions. It has proved very successful in Diabetes, Bright's Disease, Hardened Blood Vessels, High Blood Pressure, getting old too soon, all Rundown Conditions from diseases or overwork or worry, Hot Flashes or any Female Trouble. The best thing for Goitre in young women, a real developer of children both in body and brain and a real rejuvenator. They make you a healthy, real man, woman and child. If anything ails you take them, they will do no harm."

On January 17, 1927, W. S. Townsend, Los Angeles, Calif., having appeared as claimant for the property, a decree was entered, adjudging the product misbranded. It appearing to the court that the product had been relabeled and made to comply with the law, it was ordered by the court that judgment of release be entered, that the bond theretofore filed be exonerated, and that the claimant pay the costs.

15005. Adulteration and misbranding of butter. U. S. v. 32 Tubs of Butter. Consent decree of condemnation and forfeiture. Product released under bond. (F. & D. No. 21844. I. S. No. 16523-x. S. No. E-6057.)

On April 7, 1927, the United States attorney for the Southern District of New York, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 32 tubs of butter, remaining in the original unbroken packages at New York, N. Y., alleging that the article had been shipped by the Twin Willows Creamery Co., Holloway, Minn., on or about March 26, 1927, and transported from the State of Minnesota into the State of New York, and charging adulteration and misbranding in violation of the food and drugs act.

Adulteration of the article was alleged in the libel for the reason that a substance deficient in butterfat had been mixed and packed therewith so as to reduce, or lower, or injuriously affect its quality or strength, and had been substituted wholly or in part for the said article.

Misbranding was alleged for the reason that the article was offered for sale under the distinctive name of another article.

On April 11, 1927, the Twin Willow Creamery Co., Holloway, Minn., claimant, having admitted the allegations of the libel and having consented to the entry of a decree, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the said claimant upon payment of the costs of the proceedings and the execution of a bond in the sum of \$1,000, conditioned in part that it be reworked and reprocessed so as to contain at least 80 per cent of butterfat.

15006. Adulteration and misbranding of butter. U. S. v. 39 Boxes of Butter. Decree of condemnation and forfeiture. Product released under bond. (F. & D. No. 21161. I. S. No. 7294-x. S. No. E-5795.)

On June 25, 1926, the United States attorney for the District of Maryland, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 39 boxes of butter, remaining in the original unbroken packages at Baltimore, Md., alleging that the article had been shipped by the Hanford Produce Co., Sioux City, Iowa, and transported from the State of Iowa into the State of Maryland, and charging adulteration and misbranding in violation of the food and drugs act. The article was labeled in part: "Pasteurized Creamery Butter."

Adulteration of the article was alleged in the libel for the reason that a substance low in butterfat had been mixed and packed therewith so as to reduce, lower, and injuriously affect its quality and strength, and had been substituted wholly or in part for butter, a product which should contain not less than 80 per cent by weight of milk fat as prescribed by the act of March 4, 1923.

Misbranding was alleged for the reason that the article was offered for sale under the distinctive name of another article, and in that the statement "Butter," borne on the label, was false and misleading and deceived and misled the purchaser.

On July 23, 1926, Armour & Co., Baltimore, Md., having appeared as claimant for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the said claimant upon payment of the costs of the proceedings and the execution of a bond in the sum of \$1,250, conditioned in part that it not be sold or disposed of contrary to law, and until inspected and approved by this department.

W. M. JARDINE, *Secretary of Agriculture.*

15007. Misbranding of Barnes worm emulsion. U. S. v. Certain Quantities of Barnes Worm Emulsion. Decree of condemnation and forfeiture entered. Product released under bond. (F. & D. No. 21648. S. No. E-5983.)

On February 17, 1927, the United States attorney for the District of Massachusetts, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel praying seizure and condemnation of 20 cases of pint cans, 68 cases of quart cans, 86 cases of gallon cans, and fifteen 30-gallon barrels of Barnes Worm Emulsion, remaining in the original unbroken packages at Boston, Mass., alleging that the articles had been shipped by the Barnes Emulsion Co., from Gardena, Calif., and transported from the State of California into the State of Massachusetts, and charging misbranding in violation of the food and drugs act as amended.

Analysis by this department of a sample of the article showed that it consisted of approximately 95 per cent water, the remainder consisting of a small quantity of gum, a bland fatty oil, and a trace of volatile oil.

It was alleged in the libel that the article was misbranded, in that the following statements regarding the curative and therapeutic effects of the said article were false and fraudulent, since it contained no ingredient or combination of ingredients capable of producing the effects claimed: (Can label) "Builds Health and Vitality by aiding digestion * * * remedy for either mild or severe worm infestation of poultry (including tape, round and pin worms) * * * effective builder of health and vitality in all poultry * * * Baby chicks receiving it from the very start will seldom be affected with the usual bowel ailments which so often cause heavy mortality losses. * * * Its health and vitality building qualities * * * birds are enabled to properly digest and assimilate All of the nutriment in their feed—also
