

NATURE OF CHARGE: Misbranding, Section 403 (a), the label statement "Collins Mix Use With Sugar and Milk in Making Ice Cream" was false and misleading since the use of the product with added sugar and milk would not produce a product meeting trade and consumer understanding of "Ice Cream"; and, Section 403 (i) (2), the product was fabricated from two or more ingredients, and its label failed to bear the common or usual name of each such ingredient since "CMC Vegetable Stabilizer" is not the common or usual name of sodium carboxymethylcellulose and neither salt nor calcium salt present in the article was declared.

DISPOSITION: October 31, 1952. Default decree of condemnation. The court ordered that the product be delivered to a State institution, for consumption by the inmates.

20050. Adulteration of salt rising yeast. U. S. v. 6 Sacks * * *. (F. D. C. No. 34232. Sample No. 16935-L.)

LIBEL FILED: December 8, 1952, Southern District of California.

LABEL, IN PART: "Kohman's Salt Rising Yeast."

NATURE OF CHARGE: Adulteration, Section 402 (a) (3), the product consisted in whole or in part of a filthy substance by reason of the presence of fly and other insect fragments and rodent hair fragments; and, Section 402 (a) (4), it had been prepared under insanitary conditions whereby it may have become contaminated with filth.

DISPOSITION: January 2, 1953. Default decree of condemnation and destruction.
