MEDICAL SCHOOLS OF THE WORLD

NOTE

The Rockefeller Foundation is attempting to compile and maintain a list of the medical schools of all countries as complete and accurate as it is possible to make it. As a preliminary step in this effort, a tentative list, based on the latest and most authentic information then available, was printed in December, 1922, and sent to each of the schools included with a request for corrections and suggestions. Replies received from more than 200 schools furnished important data for the revision of the list. Much information has also been obtained by correspondence and through personal visits of representatives of the Foundation's Division of Medical Education.

In spite of the serious effort that has been made to present a complete and accurate list, it is scarcely to be expected that it is even now free from all errors and omissions. The officers of each institution represented in the following list and all others who may be interested are respectfully requested to write to the Foundation from time to time of changes that should be made in future editions.

NOTE EXPLICATIVE

La Fondation Rockefeller s'est imposée la tâche d'établir et de tenir à jour une liste de toutes les Facultés de Médecine du monde, liste qu'elle désire rendre aussi complète et exacte que possible. Dans ce but et à titre de travail préliminaire, nous avons publié en Décembre 1922, une première liste d'après les informations les plus exactes et les plus récentes, que nous avons pu recueillir à l'époque. Cette liste a été envoyée à toutes les écoles qui s'y trouvaient mentionnées, avec prière de corriger au besoin, et de donner leurs suggestions. Plus de 200 écoles ont fourni d'importants éléments, grâce auxquels la première liste a pu être soigneusement revue et corrigée. D'autres renseignements ont été recueillis soit par correspondance soit par les représentants de la Section d'Enseignement Médical de la Fondation Rockefeller. Malgré tous les efforts accomplis il ne nous est pas possible de publier dès maintenant une liste rigoureusement exacte, laquelle ne peut être établie qu'à l'aide de la collaboration de tous. C'est pourquoi nous demandons aux institutions figurant sur la liste ci-après, aussi qu'aux personnes intéressées, de vouloir bien nous signaler régulièrement les changements qui pourraient survenir. Nous ne manquerons pas d'en tenir compte dans les futures éditions.

NOTIZ

Die Rockefeller Stiftung hat unternommen eine vollständige und möglichst genaue Liste aller medizinischen Schulen der Welt zusammen zu stellen und zu unterhalten. Der erste Schritt zu diesem Bestreben war eine Versuchsliste, mit den letzten und möglichst zuverlässigsten Informationen verfügbar.

Diese Liste wurde im Dezember 1922 gedruckt, und allen Schulen mit der Bitte um Korrektion und Vorschläge zur Vervollkommung zugesandt. Mehr als 200 Schulen sandten wichtiges Material welches zur Revision der Liste diente. Viele Informationen wurden durch Briefwechsel und durch persönliche Besuche der Vertreter der Rockefeller Stiftung, Abteilung für medizinische Ausbildung, erlangt.

Trotz aller ernstlichen Bemühungen, die Liste möglichst genau und vollständig darzustellen, ist es kaum anzunehmen das sie eben jetzt frei von allen Fehlern und Auslassungen ist. Die Rockefeller Stiftung richtet darum die höfliche Bitte an alle Leiter der Institute, welche in der folgenden Liste genannt sind, sowohl als auch an alle anderen Personen, welche ein Interesse an der Sache haben, ihr von Zeit zu Zeit vorkommende Veränderungen und Berichtigungen mitzuteilen, damit solche in künftigen Ausgaben berücksichtigt werden können.
