## AROMATIC SMELLING SALTS.

For filling Pungents and Smelling Bottles. This preparation will not become deliquescent.

PRICE \$1 PER POUND BOTTLE.

MANUFACTURED BY

LAZELL, MARSH & GARDINER,  
NEW YORK.

WE DESIRE TO CALL THE ATTENTION OF DRUGGISTS TO OUR COLOGNE OILS, WHICH ARE PREPARED WITH A VIEW TO GIVE TO DEALERS A RELIABLE MIXTURE OF STRICTLY PURE AND FRESH ESSENTIAL OILS, SO COMBINED AS TO INSURE A COLOGNE WHICH SHALL BE UNIFORM IN QUALITY, AND SUITED TO THE DIFFERENT TASTES OF CONSUMERS.

---

## BALLARD'S COLOGNE OIL.

IN ONE POUND GLASS STOPPERED BOTTLES.

This Oil produces a Cologne suited to the wants of the average consumer, it being of full strength, invigorating and lasting.

### DIRECTIONS FOR MAKING COLOGNE WATER.

To four ounces Ballard's Cologne Oil add one gallon alcohol, or cologne spirits 95 per cent. Let stand for a day or more, then add one pint of water, shake well, letting the mixture stand for another day, then filter.

PRICE, \$5.00 PER POUND.

---

## REDWOOD COLOGNE OIL.

IN ONE POUND GLASS STOPPERED BOTTLES.

This mixture produces an article such as we have sold for the last twenty-five years to the greatest satisfaction of consumers and dealers.

DIRECTIONS.—Take six ounces Redwood Cologne Oil and mix with seven pints Alcohol or Cologne spirits 95 per cent. Let stand for a week or more, then add half a pint each of rose water and orange flower water. Shake well, letting the mixture stand one day, then filter through paper.

PRICE, \$7.00 PER POUND.

---

## FARINA COLOGNE OIL.

IN ONE POUND GLASS STOPPERED BOTTLES.

This oil produces a Cologne which is by many thought to equal the F. M. Farina Cologne of the brand 4711.

PRICE, \$10 PER POUND.

DIRECTIONS.—To eight ounces Farina Cologne Oil, add ten pints Cologne Spirits, 95 per cent. Let stand for a day or more, then add three pints of water. Shake well, letting the mixture stand for another day, then filter.

---

## BALLARD'S BAY RUM ESSENCE.

FOR MAKING BAY RUM WITHOUT THE TROUBLE OF FILTERING.

To one pound of essence add six gallons of alcohol, shake well, then add four gallons of water, this will produce ten gallons of good bay rum. Should a better quality be desired, use the essence in larger proportions.

PRICE, \$5.00 PER POUND.

TERMS: Net Cash, in par Funds. Prices subject to changes in the market.

---

New York, April, 1882.

DEAR SIR:

We have the pleasure to hand you herewith our Drug List, with prices corrected to date. Our friends will please remember that these quotations refer to moderate quantities; for large quantities and especially for full packages, more favorable prices may generally be expected.

Our terms are Cash in 30 days. Bills not paid at maturity will be subject to draft.

Parties ordering for the first time will see the necessity of **giving references, or of enclosing Draft to cover.**

As we have numerous requests to forward small articles by mail, we would inform our friends that **no liquids, powders, nor any articles enclosed in glass can be sent by mail.**

All packages sent or received at the New York P. O. are opened, and if there be anything contained which is at variance with the law, letter postage on the package is rigidly exacted.

Any writing upon packages of Merchandise, other than the mailing directions, subjects the package to letter postage.

**All responsibility for any damage, or loss of goods that may be sent by mail, must be assumed by the purchaser.**

Pledging our best endeavors in behalf of our friends, and soliciting the commands of those in the trade with whom we have not hitherto had the pleasure of any correspondence,

We remain, faithfully yours,

**LAZELL, MARSH & GARDINER.**

# STANDARD FLUID EXTRACTS;

MANUFACTURED BY

LAZELL, MARSH & GARDINER.

These Fluid Extracts are prepared by the process of "Repercolation," in which only that portion of a percolate is reserved and sold as Fluid Extract, which corresponds with a known accurate standard. This standard is made by assay of the drug, exhausting sixteen troy ounces with a suitable menstruum and determining the amount of Extractive matter which it yields. This method obviates the use of heat, vacuum pan, or hydraulic press. The finest dusted powders are used, prepared from drugs which have been selected for their reliable quality and full medicinal activity.

No process insures that perfect exhaustion of material, combined with stability of finished product, so well, as that known as "Repercolation."

The strength of these Extracts (with a single exception) is one troy ounce of crude material to one ounce of fluid extract, which gives one grain to each minim—the dose can therefore be calculated with certainty.

The exception is Opium, which is identical with the *Tinctura Opii Deodorata* of the U. S. P., containing 37½ grains of powdered Opium in each fluid ounce.

We invite attention to the new style of putting up these goods. Our new labels have printed on them, doses and formulae for preparing Tinctures, Syrups, &c.

# SUGAR-COATED PILLS & GRANULES,

MANUFACTURED BY

BULLOCK & CRENSHAW, Philadelphia.

These Pills have now been before the profession for more than fourteen years. From the first, conscientious care has been observed with regard to the quality of the medicines entering into them, and to the accuracy and completeness with which they have been combined and divided. Experience and skill have been eagerly availed of to bring them, day by day, a step nearer perfection, and it is believed that the Pills of this house are equalled by no other products of the same kind, and that they excel all others in their ready solubility; any one who will cut open one of their Quinine Pills will need no further proof that perfection has been attained in this all important point.

We have been induced to urge the sale of these Pills by the feeling of satisfaction resulting from the accuracy, care, reliability and skill of the manufacturers.

# PHARMACEUTICAL PREPARATIONS,

MANUFACTURED BY

JOHN WYETH & BRO., Philadelphia.

In addition to our regular price list, we ask attention to the accompanying one of Messrs John Wyeth & Bro. of Philadelphia. We have sold their preparations largely for years, and the increased demand and many inquiries, necessitates our issuing a special list. The high reputation enjoyed by the Manufacturers is a guarantee that the articles prepared by them will be found as represented. "Compressed Pills" are a comparatively recent addition to their list, and present such decided advantages over coated pills by reason of their smaller size, flattened shape, and greater solubility, that they deserve your consideration. All their preparations will be supplied at the Manufacturer's lowest prices.

**DRUGGISTS' SUNDRIES.**

The preceding list of Druggists' Sundries is but a portion of the many articles which we keep regularly in stock, and to which we invite the critical attention of our customers, and of other purchasers of goods in this line.

Our stock is well selected, bought at the closest figures, and we can supply purchasers at the lowest market rates.

DR. SHEFFIELD'S  
CRÈME ANGÉLIQUE DENTIFRICE,

FOR

PERFUMING THE BREATH AND CLEANSING THE TEETH.

Large Packages. Price 25 Cents.

This is a most delicious preparation for cleansing the teeth and perfuming the breath. It is a handsome addition to the toilet table, contains the finest materials, and is not in any way injurious to the teeth. By using it a few times your teeth will become white like pearls.

The Crème being put up in collapsable tubes, is very convenient for use. A beautiful silver wrapper covers the tube, which makes it a very attractive and desirable article.

ARTIFICIAL TEETH WITHOUT PLATES

— BY THE —

“RICHMOND CROWN” PROCESS.

General Dentistry at Popular Prices.

**T**HE RICHMOND CROWN entirely obviates the necessity of extracting teeth, does away with Artificial Plates, and causes NO PAIN. By this method Roots which still remain in the jaw, however long they may have been worse than useless, may be restored to perfect usefulness and beauty, and made so solid that they will perform the office of mastication like the natural teeth, during a lifetime, without reparation.

# VAN STAN'S STRATENA,

The Best Cement in the World.

OUR MEDIUM STAND.

For Show-Window or Counter, 15 inches wide,  
22 inches high, with small Toy Plate  
and 25-pound Weight.

NORFOLK, VA., March 3d, 1880.

VAN STAN'S STRATENA CO.:

Gentlemen—We sell Stratena very largely, and it gives satisfaction as an universal mender. You can, if you desire, use our name as recommending it. We have sold much more than we could have expected, and no bottle has given dissatisfaction. The last lot with stands received O. K. These stands, both large and small, are very attractive. The large one placed on our pavement has brought in a steady stream of custom, while the smaller ones inside attract a great deal of attention, and promote active sales.

Very truly yours,

M. A. & C. A. SANTOS,

Wholesale and Retail Druggists.

## AN OPEN LETTER TO OUR CUSTOMERS.

NEW YORK, MARCH, 1882.

GENTLEMEN: By means of an arrangement just made with the Van Stan Stratena Co., Limited, of Philadelphia, we are enabled to offer the following from now until June 1st: With every one dozen order of Van Stan's Stratena we will send 250 Comic Advertising Cards, one Banner Show Card on cloth, and one Colored Poster. With an order for two dozen we will send 500 Cards, One Banner Card and one Poster and Small Display Stand (8x10), for the counter. With an order for three dozen we will send 1,000 Cards, one Banner, three Posters and one Medium Sized Stand (see cut).

A package of Comic Cards (advertising Stratena) sent to any customer (when we are shipping him), if desired.

# NATRONA BI-CARB. SODA.

“The Best in the World.”

(Absolutely Pure.)

The nature of the raw material from which NATRONA BI-CARBONATE OF SODA is made, viz., cryolite, a mineral containing *pure sodium*—insures a purity and uniformity of product which cannot be obtained from any other known material. In making Bi-carb. Soda from any other raw material, the use of sulphuric acid is a necessity, but none is used in any part of the process of making NATRONA BI-CARB.; hence its entire freedom from the slightest trace of arsenic, which is always present in ordinary soda. Its absolute purity and entire freedom from all traces of *sulphate of soda*, common salt, and other impurities, render NATRONA BI-CARB. NEARLY TASTELESS, and being bolted through the finest bolting-cloth, insures the finest state of division.

To these indisputable facts the attention of CONSUMERS of soda is specially called. They are IMPORTANT, and should influence both those who use and those who sell soda to buy and sell NONE BUT THE BEST.

The NATRONA Bi-carb. Soda, having supplanted the English Bi-carb. in the American markets, is kept in stock by almost every wholesale druggist and grocer throughout the United States, of whom it may be ordered.

Natrona Bi-carb. Soda is unequalled by any other brand of English or American Manufacture.

# WELLS, RICHARDSON & CO.'S NEW DISCOVERY

For several years we have furnished the Dairymen of America with an excellent Artificial Color for Butter, so meritorious that it met with great success everywhere, receiving the highest (and only) prizes at both International Dairy Fairs. But by patient and scientific chemical research we have improved it in several points, and now offer this new discovery as

## Wells, Richardson & Co.'s IMPROVED Butter Color.

THE ADVANTAGES ARE:

It will not Color the Butter Milk.

It Gives a Brighter Color.

It will not Turn Rancid.

It is the Cheapest Color Made.

It has these good qualities because it is the strongest and brightest color made, and, while prepared in oil, it is so compounded that it is impossible for it to become rancid.

**BEWARE OF ALL IMITATIONS,** and of all other oil colors, for every other one is liable to become rancid and spoil the butter into which it is put. Ask for **WELLS, RICHARDSON & CO.'S IMPROVED COLOR,** and take no other. We give **DOUBLE THE SIZE** we have formerly given, thereby making this the cheapest as well as the best color ever offered butter makers. We look confidently to the enterprising dairymen of this country to appreciate our work in their behalf, and to recommend to all butter makers the use of this improved and perfected color.

# THE LATEST NOVELTIES.

## MILES' PATENT WALL POCKET.

A RECEPTACLE FOR COMB AND BRUSH. NO UNSIGHTLY COMB OR BRUSH LYING AROUND TO GET MISLAID OR LOST.

The Wall Pocket is designed to be hung on the wall in any appropriate place. The receptacle is open top and bottom. The Brush is dropped in handle first, from the top, and is caught and held in place by interior projecting rows of bristles or springs. These allow the Brush to be withdrawn freely, and at the same time answer as a cleaner for the Brush. The exterior is very tastefully covered with bright colors of Plush and Satin. The size 5x8, shape and general appearance is very neat and harmonious, and it is, in fact, an ornament, and elegant enough to adorn any wall. We get them up in several styles, such as Mirror Face and Open Face, showing back of Brush, &c.

Sold in sets of Holder, Brush and Comb, or without Brush and Comb.

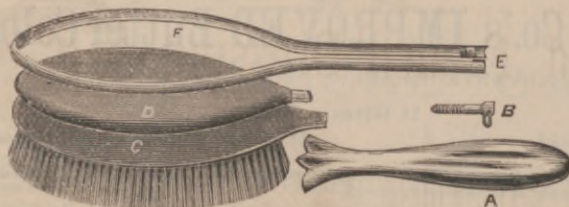

## MILES' PATENT HAIR BRUSHES.

NICKEL-PLATED, METAL HANDLE AND RIM, COMBINING ELEGANCE, DURABILITY, LIGHTNESS, NEATNESS, CLEANLINESS, AND ARTISTIC.

These Brushes must be seen to be fully appreciated. They are, without doubt, the most attractive Brushes yet introduced. There is no end to the variety of back that may be placed in them, such as PLUSH, VELVET, SILK or SATIN, [which can be decorated with painting or needle-work,] Pearl, Ivory, Shell, Horn, Rubber, Composition or Mirrors; also Glass Backs, for inserting Pictures, Photographs, &c., any of which form a very pretty contrast with the bright, nickel-plated rim.

### Construction.

Unscrew the ring head screw; slide off the handle; spring out one side of the rim; the brush and back will then separate; the Brush may then be taken out to clean without injuring the other parts, or a new back or brush may replace an old one. The nickel-plated rim and handle will keep bright and clean with use.

**SEABURY & JOHNSON'S**

PHARMACOPŒIA AND MEDICINAL

**India Rubber Porous & Spread Plasters.**

Pharmacists and druggists will have the kindness to bear in mind, that we manufacture but

**ONE QUALITY**

of Medical and Surgical Plasters. When a physician prescribes an official preparation, he invariably expects such article to be of pharmacopœia strength. To depart from established formula, or to cheapen medicinal preparations by the introduction of inferior drugs or extracts, is simply reprehensible. Such preparations not only baffle the acknowledged skill of practitioners, but it also reflects disadvantageously, the judgment and intelligence of the dispensing pharmacist and druggist. It has never been our aim, and never will be, to calculate how cheap we can produce a suspicious class of medicinal articles.

The extensive demand, united with OUR UNEQUALLED FACILITIES for the economical production of our specialties, enables us to offer the best quality of *elegant and unimpeachable goods at exceptionally low prices*. They are skillfully made of purified india rubber, selected drugs, and incorporated with an unquestionable quality of alcoholic medicinal extracts. Every pharmacopœia article is warranted to be of proper strength and guaranteed to give *perfect satisfaction* in every respect.

ANALYSIS OF BELLADONNA PLASTERS.

—BY—

**Prof. R. Ogden Doremus.**

Messrs.

SEABURY & JOHNSON:

{ BELLEVUE HOSPITAL MEDICAL COLLEGE,  
NEW YORK, Sept. 7, 1878

"Gentlemen:—I obtained from Messrs. W. H. Shieffelin & Co., of this city, samples of Belladonna Plasters prepared by Grosvenor & Richards, Boston; Mitchell's Novelty Plaster Works; Seabury & Johnson, New York and London. I have examined these varieties for the purpose of determining which possesses the largest quantity of Atropine. I employed equal surfaces of each, and **my analysis demonstrated that Seabury & Johnson's contains the greatest proportion of the active principle of Belladonna, and is the most reliable Plaster.**

PROF. R. OGDEN DOREMUS, M. D., LL.D."

NEW YORK, June 7th, 1878.

Messrs. SEABURY & JOHNSON.

GENTLEMEN:—Samples of the Belladonna Plaster manufactured by your firm, and by Dr. Grosvenor's, were purchased by me of a well-known drug house, and comparative tests made of the same for the purpose of determining the relative amount of Extract of Belladonna in each. The tests used were applied to an equal quantity of each plaster, and under similar conditions. I find that the largest amount of the solid Extract of Belladonna is contained in your preparation, **which result was corroborated by repeated trials.**

Respectfully yours,

J. P. BATTERSHALL, Ph. D.

# DR. SCOTT'S ELECTRIC HAIR BRUSH.

## A Remarkable Invention,

Which has won its way to Royal favor in England, been cordially endorsed by the Prince and Princess of Wales, and written upon by the Rt. Hon. W. E. Gladstone, is now brought to the notice of the American public. It cures by natural means, will always do good, never harm, and is a remedy lasting for many years. It should be used daily in place of the ordinary Hair Brush. The Brush Handle is made of a new odorless composition resembling ebony, a combination of substances PRODUCING A PERMANENT ELECTRIC VOLTAIC CURRENT WHICH ACTS IMMEDIATELY UPON THE HAIR GLANDS AND FOLLICLES. This power can always be tested by a silver compass which accompanies each Brush.

Made of Pure Bristles, not wires—elegantly Mounted and Carved Back.

### It is Warranted to

- Cure Nervous Headache in 5 minutes!!
- Cure Bilious Headache in 5 minutes!!
- Cure Neuralgia in 5 minutes!!
- Prevent Falling Hair and Baldness!!
- Cure Dandruff & Diseases of the Scalp!!
- Promptly Arrests Premature Graying!!
- Makes the Hair Grow Long & Glossy!!
- Immediately Soothes the Weary Brain!!
- Money Returned if not as represented!!

IT RARELY FAILS TO  
PRODUCE  
A RAPID GROWTH  
OF HAIR  
ON BALD HEADS,  
WHERE THE  
GLANDS & FOLLICLES  
ARE NOT TOTALLY  
DESTROYED.

Proprietors, The Pall

842 E. Broadway

Face-shield of Brush.

[From  
Rev. Dr.  
Bridgeman,  
Brooklyn,  
June 1, 1880.]

GENTS:—I have never before given a testimonial, but am willing to encourage the use of an honest remedy. I am so pleased with your Hair Brush that I deem it my duty to write you recommending it most cordially. My hair, about a year since, commenced falling out, and I was rapidly becoming bald; but since using the Brush a thick growth of hair has made its appearance, quite equal to that which I had previous to its falling out. I have tried other remedies, but with no success. After this remarkable result I purchased one for my wife, who has been a great sufferer from headache, and she finds it a prompt and infallible remedy."  
A. C. Bridgeman, D.D.

[From the Mayor of Saratoga.]

August 12, 1880.  
"I cheerfully testify to the merits of Dr. Scott's Electric Hair Brush. It cures my headaches within a few minutes. I am so pleased with it I purchased another for my wife. It is an excellent Hair Brush, well worth the price, aside from its curative powers."  
James Chapman.

## RECOMMENDED BY PHYSICIANS. A BEAUTIFUL BRUSH, LASTING FOR YEARS.

WE WILL SEND IT, POST-PAID, ON RECEIPT OF \$3; or by Express C. O. D. at your expense, with privilege of opening and examining. Or request your nearest Druggist or Fancy Store to obtain one for you.

### MONEY RETURNED IF NOT AS REPRESENTED.

As soon as you receive the Brush, if not well satisfied with your bargain, write us, and we will return the money. What can be fairer?

This magazine will not knowingly publish any humbug, and I have placed a Brush in the hands of Mayor Cooper and Postmaster James, of New York, as a guarantee of my good faith.

CAUTION.—The public are warned not only against the many false ANGOSTURA BITTERS offered for sale, bearing imitated labels and signatures of Dr. J. G. B. Siebert & Sons, but also against any Angostura Bitters manufactured under the name of other makers, and which being but recently introduced, are merely imitations of the only genuine ANGOSTURA BITTERS, of Dr. J. G. B. SIEGERT & SONS, which, during the last forty (40) years have enjoyed an unrivalled reputation for efficacy and superiority.

# HUSBAND'S CALCINED MAGNESIA!

MEDAL AWARDED AT WORLDS FAIR, NEW YORK, 1853.

FIRST PREMIUM SILVER MEDAL awarded by the Franklin Institute, Philadelphia; by the Mechanics' Association, Boston; by the American Institute, New York, and by the Maryland Institute. In the report of the Twentieth Exhibition of American Manufacturers, by the Franklin Institute Pa., it is stated that

## HUSBAND'S MAGNESIA

*Is "Believed to be the best in the United States."*

Its superior qualities consist in its being entirely deprived of carbonic acid; in its freedom from unpleasant taste, smell or other disagreeable property, and without roughness or grittiness to the touch or palate. One teaspoonful of it is equal in strength to three or four teaspoonfuls of the common Calcined Magnesia—thus combining smallness of dose with the most agreeable form in which Magnesia can be administered.

## ISINGLASS ADHESIVE PLASTER.

This PLASTER has been found to be admirably adapted to Strapping after Surgical operations, and as a dressing to either incised or lacerated wounds. It is clean, of easy application, adheres firmly WITHOUT PRODUCING INFLAMMATION, and being semi-transparent, allows of an examination of the parts without their having to be disturbed by its removal, until, in many instances, the cure is effected. This plaster is not affected by age, and will bear exposure to any climate.  For sale by Druggists, and by

# Atwood's Pure Alcohol.

## AN ABSOLUTELY PURE SPIRIT.

NOTHING MANUFACTURED EXCELS IT FOR THE PREPARATION OF FINE PERFUMES

Orders by the barrel or smaller quantities executed by LAZELL, MARSH & GARDINER,

"ATWOOD'S ALCOHOL has for many years enjoyed an enviable reputation throughout the whole country, for purity and strength. A large majority of the most successful American Perfumers, whose products are rapidly driving out all foreign brands, attribute much of their success to the great purity of the ATWOOD'S ALCOHOL, with which their most delicate odors are combined and diluted. This Alcohol is made only by Messrs. C. H. GRAVES & SONS, 35 Hawkins Street, Boston, Mass., and is sold by all dealers from Maine to California. The present system of gauging alcohol, etc., is not always accurate, as has been often shown, and Messrs. GRAVES have adopted the plan of measuring all goods sent out, and guaranteeing full quantity, as well as quality and purity.

Messrs. C. H. GRAVES & SONS also import all the leading Wines and Liquors direct from first hands, and offer to the trade for Medical Uses the Best Brands of pure old Whiskeys and American Liquors. No house in the country is better known, and those in want of pure standard goods will do well to examine quality and prices before purchasing elsewhere. Circulars, prices, etc., will be mailed free to all on application.

## THE HUB PUNCH.

(Trade Mark Registered.)

One of the most palatable of the standard compounds of liquors now bottled by wholesale dealers is the "Hub Punch," prepared by the well known Boston house of C. H. Graves & Sons. It is made of the best liquors, in large quantities, and its flavor is far superior to any punch that can be produced by ordinary methods of mixing. There is a rapidly increasing demand for it for hotel, club and family use. It can be kept for any length of time, and perceptibly improves with age.—From the Boston Advertiser, Jan. 15, 1880.

Sold by Licensed Wine Merchants, Grocers and Druggists everywhere.

# COLLEGE OF PHARMACY

OF THE CITY OF NEW YORK,

Nos. 209-213 East Twenty-third Street.

## FIFTY-THIRD ANNUAL SESSION.

The annual course of Lectures (two of which are necessary for graduation), on the usual branches of Chemistry, Materia Medica, and Botany, will commence September 25th, 1882, and continue till March 3d, 1883. Lectures to the Senior Class will be delivered on Monday, Wednesday and Friday evenings, and those to the Junior Class on Tuesday and Thursday evenings and Saturday afternoon. These Lectures will be abundantly illustrated by experiments, plants, diagrams, models and specimens. Important Chemical and Pharmaceutical processes will be explained while being conducted before the Class. Terms for either course, \$40. No Matriculation Fee.

### FACTULTY.

CHARLES FROEBEL,	- - -	<i>Professor of Analytical Chemistry.</i>
JOSEPH SCHRENK,	- - -	<i>Professor of Botany.</i>

### ANALYTICAL LABORATORY PRACTICE.

*SPRING TERM.*

The Analytical Laboratory, under the direction of Prof. Charles Froebel, will be open daily from 9 A. M. till 1 P. M., from March 20th to June 30th, 1882, inclusive. With the beginning of the present session, a thirteen days' attendance will be obligatory on all students who have not—to this extent—attended. As this obligation may be fulfilled during the *Spring* as well as the *Winter* session, and during the *Junior* or *Senior* year, at the student's option, the *Spring* course offers the special advantage of being generally less crowded. Attendance beyond the term of thirteen days is optional. The fee for "Obligatory Attendance" is \$10. Fall Term begins in September and continues until March.

### The Summer Class in Botany

Will receive practical instruction in that useful and interesting study, by the examination of fresh plants, and also by excursions in the fields, under the tuition of Prof. Joseph Schrenk, at 3 o'clock every Wednesday, during April, May, and June. Terms, \$5.

### A SUMMER COURSE ON PHARMACEUTICAL MANIPULATIONS,

By Prof. P. W. BEDFORD,

Will be given on Monday evenings at 7:30 o'clock, during the months of May, June and July. Terms, \$5.

A separate course on Pharmaceutical Analysis on Friday evenings at 7:30, during the same months. Terms \$5, or both for \$7.50.

### PHARMACEUTICAL LABORATORY.

The College has recently purchased an additional building, and will at once proceed to fit it in a complete and thorough manner for the purposes of a Pharmaceutical Laboratory. Full particulars will be given in the Prospectus and the advertisements in the Pharmaceutical journals.

THE LIBRARY IS OPEN DAILY from 9 A. M. till 2 P. M., and from 7 to 9 P. M.

# POWDERED MEDICINAL EXTRACTS.

Having recently enlarged and made valuable improvements in our apparatus for the preparation of Powdered Medicinal Extracts, we respectfully ask the attention of Pharmacists to the following features of this line of pharmaceutical specialties.

1st. The solid extracts are prepared from strictly pure drugs by reprecipitation, and only the concentrated tinctures are used for evaporation.

2nd. Each official extract is reduced to a pilular consistence and assayed for the per centage of water contained therein.

3d. The pilular extracts are exsiccated in thin layers at a temperature not exceeding 140° F; and special precautions are exercised with those extracts having volatile alkaloids, or active principles liable to dissociation by exposure to prolonged and high temperatures.

4th. The loss of water in drying of pilular extracts, as found by accurate assay, is compensated by the addition of sugar of milk.

5th. Our Powdered Medicinal Extracts are standardized in accordance with the strength of the pilular extracts of the U. S. Pharmacopœia, and may be prescribed in precisely the same doses.

6th. Every package emanating from our Laboratory is labeled so that the weight of the crude drug represented by each grain of the powdered extract, may be seen at a glance.

Having originated this class of fine prescription preparations, and knowing the marked favor they have met with in the dispensing departments of our best Pharmacists, we do not deem it necessary to extol their merits on the score of convenience or reliability.

## POWD. EXT. BELLADONNA.

*One grain of the powdered extract represents four grains of powdered Belladonna Leaf.*

This is prepared from the official Alcoholic Extract of Belladonna Leaf, and has the same medicinal strength.
