New York, March, 1878.

NEW YORK, MARCH 10TH, 1878.

DEAR SIR :

We have the pleasure to hand you herewith our Drug List, with prices corrected to date. Our friends will please remember that these quotations refer to moderate quantities ; for large quantities and especially for full packages, more favorable prices may generally be expected.

Our terms are Cash in 30 days. Bills not paid at maturity will be subject to draft.

Parties ordering for the first time will see the necessity of **giving references, or of enclosing Draft to cover.**

As we have numerous requests to forward small articles by mail, we would inform our friends that **no liquids, powders, nor any articles enclosed in glass can be sent by mail.**

All packages sent or received at the New York P. O. are opened, and if there be anything contained which is at variance with the law, letter postage on the package is rigidly exacted.

Any writing upon packages of Merchandise, other than the mailing directions, subjects the package to letter postage.

**All responsibility for any damage, or loss of goods that may be sent by mail, must be assumed by the purchaser.**

Pledging our best endeavors in behalf of our friends, and soliciting the commands of those in the trade with whom we have not hitherto had the pleasure of any correspondence.

We remain, faithfully yours,

LAZELL, MARSH & GARDINER.

EXTRACTS, SOLID, IN POWDER.

We call attention to the list of Powdered Solid Extracts (see page 17) which are prepared with great care in our own laboratory for prescription use. They are all of the same strength as the Solid Extracts, and can be used in place of the latter, to the great advantage of the dispenser. They effect a great saving of time by facilitating the intimate mixing of ingredients.

For list of Powdered Extracts see page 17.

EXTRACTS, SOLID.

On the following list of Solid Extracts those bearing our own name will be found to be the best of their kind in the market. For note on our Extract Belladonna, see "American Journal of Pharmacy" for April, 1876:

## SELECT POWDERS.

These Powders are not merely absolutely pure, but made from *choice* drugs, and the most judicious and intelligent care exercised in their manipulation. For thirty years they have received the approbation of the trade throughout the country.

We call attention to the list of *Powdered Extracts* prepared by ourselves, and which are specially adapted for Prescription uses. We guarantee them to contain the active principles of the Drug, uninjured by heat, and to be equal, grain for grain, to the Solid Extracts.

NOTE.—The *Powdered German Narcotic Extracts* sold in this market are only one-half strength.

Put up in tin cans of 5 lbs. and 10 lbs. each. Also in 1 lb.,  $\frac{1}{2}$  lb.,  $\frac{1}{4}$  lb., and 1-16 lb. bottles, enclosed in paper cartons.

The packages enumerated above will be charged as follows.

10 lb. tin cans	each	\$0 45	$\frac{1}{2}$ lb. bottles, with cartons	each	\$0 15
5 lb.		0 30	$\frac{1}{4}$ lb.		0 12
1 lb. bottles, with cartons		0 25	1-16 lb.		0 10
$\frac{1}{2}$ lb.		0 20			

When desired the Powders will be put up in paper bundles.

# STANDARD FLUID EXTRACTS,

MANUFACTURED BY

LAZELL, MARSH & GARDINER.

These Fluid Extracts are prepared by the process of "Repercolation," in which only that portion of a percolate is reserved and sold as Fluid Extract, which corresponds with a known accurate standard. This standard is made by assay of the drug, exhausting sixteen troy ounces with a suitable menstruum and determining the amount of Extractive matter which it yields. This method obviates the use of heat, vacuum pan, or hydraulic press. The finest dusted powders are used, prepared from drugs which have been selected for their reliable quality and full medicinal activity.

No process insures that perfect exhaustion of material, combined with stability of finished product, so well, as that known as "Repercolation."

The strength of these Extracts (with a single exception) is one troy ounce of crude material to one ounce of fluid extract, which gives one grain to each minim—the dose can therefore be calculated with certainty.

The exception is Opium, which is identical with the *Tinctura Opii Deodorata* of the U. S. P., containing 37½ grains of powdered Opium in each fluid ounce.

We invite attention to the new style of putting up these goods (see page 90). Our new labels have printed on them, doses and formulæ for preparing Tinctures, Syrups, &c.

## LAZELL, MARSH & GARDINER'S LABORATORY PRODUCTS.

We note, with pleasure, the increased demand for the products of our Laboratory, and call attention to the fact that we now produce all new articles, both Chemical and Pharmaceutical, that are in demand.

### SOLUTION DIALYSED IRON,

A pure neutral solution of Ferric Oxychloride ( $\text{Fe}_2\text{Cl}_3 \cdot 23 \text{Fe}_2\text{O}_3$ ), which will keep without change.

In Pint Bottles, 50 Cents. | Five Pint Bottle, \$2.25 | Gallon, \$3.75

### CITRATE OF IRON AND CINCHONIDIA,

A new Scale Salt of value, and which is asserted to equal in medicinal value, Citrate of Iron and Quinina. It is freely soluble, and adapted for use either in solution or pill. We offer it in

Ounce Bottles, 40 Cents. | Pound Bottles, \$5.00

We do not propose in this place to give an extended list of our products, but would mention that we always furnish our own manufacture of any of our Laboratory products, unless other manufacture be specified. Nearly every one of the "Official" preparations of the U. S. Pharmacopœia, 1873, can be supplied of our own manufacture, besides most of the non-official remedies in use.

SUGAR-COATED PILLS & GRANULES,

MANUFACTURED BY

BULLOCK & CRENSHAW, Philadelphia.

These Pills have now been before the profession for more than thirteen years. From the first, conscientious care has been observed with regard to the quality of the medicines entering into them, and to the accuracy and completeness with which they have been combined and divided. Experience and skill have been eagerly availed of to bring them, day by day, a step nearer perfection, and it is believed that the Pills of this house are equalled by no other products of the same kind, and that they excel all others in their ready solubility; any one who will cut open one of their Quinine Pills will need no further proof that perfection has been attained in this all important point.

We have been induced to urge the sale of these Pills by the feeling of satisfaction resulting from the accuracy, care, reliability and skill of the manufacturers.

## PHARMACEUTICAL PREPARATIONS,

MANUFACTURED BY

JOHN WYETH &amp; BRO., Philadelphia.

In addition to our regular price list, we ask attention to the accompanying one of Messrs John Wyeth & Bro. of Philadelphia. We have sold their preparations largely for years, and the increased demand and many inquiries, necessitates our issuing a special list. The high reputation enjoyed by the Manufacturers is a guarantee that the articles prepared by them will be found as represented. "Compressed Pills" are a comparatively recent addition to their list, and present such decided advantages over coated pills by reason of their smaller size, flattened shape, and greater solubility, that they deserve your consideration. All their preparations will be supplied at the Manufacturer's lowest prices.

Physicians will find this mode of administering many medicines and the natural waters, such as Vichy, Kissingen, etc., preferable to any other. Physicians and druggists will find Alfred Bishop's superior to any other make, and always just as represented.

**COMPRESSED PILLS.**

The preparation of drugs in such a form as to be at once efficient and readily administered, is a matter of the utmost importance, alike to physician and patient. In this respect great advantages have been made of late years, but we can confidently claim that our Compressed Pills are far superior to any of the other improved medicaments hitherto introduced.

These "Compressed Pills," made by dry compression, are free from the coatings that render many other Pills objectionable.

They are readily soluble or diffusible, and, being flat in shape, are more easily swallowed than those of any other form.

Owing to the absence of the excipients ordinarily employed in making Pills, they are smaller than those made by any other process.

They are smooth, glossy, and elegant in appearance, and are made only of the purest materials.

Leading physicians have found these "Compressed Pills" to be reliable and quick in their action.

Bisulphate of Quinine being a more soluble salt than the ordinary sulphate, we recommend its use in preference to the other. When given in the form of a "Compressed Pill," it will act as promptly as a solution of ordinary Quinine.

When the Compressed Pills weigh more than the given formula, it is owing to the addition of Sugar of Milk, which is used in order to divide the drugs more completely, thereby increasing their diffusibility.

Books containing formulas of all our preparations will be forwarded to any physician or pharmacist who may desire them.

FIVE AWARDS FROM THE

**UNITED STATES CENTENNIAL COMMISSION.**

FOR PHARMACEUTICAL PREPARATIONS.

Embracing ELIXIRS, SYRUPS, MEDICATED WINES, Saccharated Pepsin, etc., etc. "These Elixirs, etc., etc., seem to be a REAL ADVANCE in Pharmacy, as they represent strength and virtues with comparatively much less disagreeable taste than the same ingredients, as usually made and extemporaneously prepared."

FOR COMPRESSED PILLS.

"In our judgment, these Compressed Pills are, for above reasons, viz.: smaller size, absence of excipients and speedy solubility, superior to any other pills manufactured."

FOR PAPOMA (Food for Infants and Invalids).

"The most nutritious, most easily digested and most strengthening food, etc."

FOR SUPPOSITORIES.

"For precision in admixture of drug, regularity in size of cone, and skill in incorporating the various ingredients, is worthy of special mention."

Two awards were also given to the manufacturers of the preparations for which they have the sole agency, and have met with such deserved favor from physicians, viz.: to Marvin Bros. & Bartlett, for their Pure Medicinal Cod Liver Oil: "For Freedom from disagreeable taste and color, careful preparation, and representing in every respect the elements required in Cod Liver Oil."

TO ED. LOEFLUND, STUTTGART, GERMANY, FOR HIS CONCENTRATED EXTRACT OF MALT.

"Its great richness in Sugar of Malt, complete absence of drugs and products of fermentation, such as alcohol and carbonic acid, and agreeable and pleasant taste."

## SACCHARATED PEPSIN.

Contrary to the history of many articles introduced as specifics for disease, Saccharated Pepsin has grown in favor with Physicians of every school, and is now extensively used in all troubles caused by deranged digestive power.

We were among the first to manufacture this preparation on a large scale, and our product has been received with great favor by the trade during the past four years.

We have now perfected a "new process" for its manufacture, whereby we obtain a Pepsin free from animal odor, mucus, and inorganic salts, and we claim that for perfect solubility and standard digestive power, our Saccharated Pepsin cannot be excelled.

When desired in a fluid form, the following is suggested:

Saccharated Pepsin, 64 grains; Water, 5 fluid ounces; Muric Acid, 1 fluid drachm.

Dissolve, filter, and add Glycerine, 3 fluid ounces. As Alcohol injures the properties of Pepsin, Elixirs or preparations containing alcohol are not reliable forms of administering this remedy.

NOTE.—Pepsin, when first adopted by the Profession, was used in doses of from one to five grains. From five to thirty grains are now given with most satisfactory results.

In 1 oz. bottles, - - - - - 45 cents per oz.  
In 1 pound bottles, - - - - - \$5.50 per pound.

SAMPLE SENT ON APPLICATION.

The sale of these extracts is steadily increasing. They are put up in handsome styles of uniform strength and great delicacy of odor, and are considered by many to be the best goods in the American market. We specially recommend the "Two ounce" size as being most desirable for retailing, the present ruinous competition in "imported" goods leaving no profit to the retailer.

## DRUGGISTS' SUNDRIES.

The preceding list of Druggists' Sundries is but a portion of the many articles which we keep regularly in stock, and to which we invite the critical attention of our customers and of other purchasers of goods in this line.

Our stock is well selected, bought at the closest figures, and we can supply purchasers at the lowest market rates.

TRUE

# Persian Insect Powder.

FOR THE

DESTRUCTION OF BED-BUGS, ROACHES, ANTS, FLEAS,  
WATER-BUGS AND OTHER VERMIN.

LAZELL, MARSH & GARDINER,

*Wholesale Druggists,*

No. 10 GOLD STREET, N.Y.

The popular notion that this substance is a combination of ingredients, is an error.

GENUINE PERSIAN INSECT POWDER is the flowers (ground) of the *Pyrethrum Carneum* or *Pyrethrum Roseum*, a plant growing at a high elevation upon the Caucasian Mountains, and possessing in a singular degree, the quality of first stupefying and then killing insects and vermin of every kind, while at the same time it is harmless to man and animals.

PERSIAN INSECT POWDER has long been in extensive use in Asia and Eastern Europe, but only within a comparatively recent period has it been known in Western Europe or in this country.

Our House was one of the first (if not the *the* first) to introduce it in the United States. As its qualities became known, a large demand quickly sprang up, stimulated by parties who adopted the article, putting it up, however under other names, such as "Magnetic Powder," "Electric Powder," &c.

The demand for the powder in Western Europe and this country has increased so much of late, that adulterations with the leaves and stems of the plant, as well as with other substances, have become common, and vast quantities of this trash are thrown upon the market.

Indisputably many persons on this account have been disappointed in the results they expected.

We have, since its first introduction in this country, been largely engaged in importing the Persian Insect Powder, and our long experience has given us unsurpassed facilities for commanding the best Powder obtainable, viz:—*that ground from the flowers alone*. Our instructions to our agents are imperative on this point; and that they have been faithfully followed, is evidenced by the favor with which PERSIAN INSECT POWDER, bearing our label has always been received.

For Terms, see below.

The most satisfactory results in the use of the Persian Insect Powder, are secured by the use of a Bellows, made for the purpose. The Bellows, filling the air with the powder, compels the inhalation of the fine particles by the insect or vermin, and it is this inhalation, rather than mere contact, that kills them. By it, the Powder can be blown into crevices and recesses, searching out such vermin as would be comparatively secure from a simple strewing by hand. Moreover, the use of the Bellows economises the Powder, making every particle tell.

Price of Bellows (Retail, \$1 00).....\$7 50 per doz.

# PURE COD LIVER OIL.

MANUFACTURED ON THE SEA-SHORE BY US FROM FRESH AND SELECTED LIVERS

This Oil is made from fresh selected livers on the sea-coast, and from the great care and skill attending its manufacture, is perfectly pure and sweet, and can be retained by the stomach when all other kinds have failed.

It is confidently recommended to the medical profession as the sweetest and purest in market.

Prof. Parker, of New York, says; "I have tried almost every other manufacturer's Oil, and give yours the decided preference."

Prof. Hayes, State Assayer of Massachusetts, after a full analysis of it, says: "It is the best for foreign or domestic use."

It is made with GREATER CARE, is sweeter, and has less of the RANCID, unpleasant fish taste and odor than any other made—foreign or domestic.

IMPORTANT IMPROVEMENT IN SURGERY.

# SEABURY & JOHNSON'S Surgeon's Salicylated Isinglass Plaster,

APPLIED BY WETTING, AND SPREAD ON STRONG WATERPROOFED COTTON CLOTH.

## COMBINED QUALITIES.

Strength of material.—It is antiseptic, non-irritating, very susceptible to the slightest wetting, very adhesive, quickly applied, waterproof, applied without heat, does not spoil, warranted to keep good in any climate, any length of time, and sold at a very moderate price.

## FISH ISINGLASS.

For surgical plasters, when perfectly pure, is undoubtedly the best and most innocent of vehicles that can be employed to create adhesion. Heretofore its high cost has prevented its universal use. Recent improvements made by us for the production of *perfectly pure* gelatine from the fresh fish sounds (a process which effectually removes all fatty, oily, *sanguineous*, and fibrous matter) have induced us to manufacture the above plaster, and since its introduction to the medical world it has been endorsed by the most eminent of operating surgeons.

## SPECIAL ADVANTAGES.

For the varied operations of the surgeon in private or hospital practice, this plaster deserves special recognition. It can be applied, almost instantly, without heat. The application of moisture conveyed in any form (the most convenient medium being that of a wetted sponge), causes it to adhere quickly without any danger of displacement. If you will carefully wet the surface of the plaster, or pass it through warm or cold water, it will at once adhere firmly and closely. Being waterproof, wounds can be cleaned without redressing, whilst the mild antiseptic action of the incorporated salicylic acid entirely prevents putrefaction. It remains serviceable in any climate for years. It cannot spoil. It lasts as long as four or five times the same quantity of the ordinary adhesive plaster, even when this is freshly prepared, and consequently is, without exception, the cheapest and most practical dressing yet produced.

It is to be had in 5 yard Rolls, 1 1/2 inches wide, by 5 yards long, \$1.50 per Roll; and in 1 yard Rolls, 8 inches wide by 1 yard long, 40 cents.

# BELLADONNA PLASTER, U. S. P.

## IN RUBBER COMBINATION.

Messrs. SEABURY & JOHNSON claim that theirs is the most thoroughly reliable and only strictly official Belladonna Plaster ever offered to the medical profession. It is an improvement on other Belladonna Plasters in several important particulars. First, it is incorporated with the official alcoholic extract only. Secondly, it is freed from all stimulating qualities, thereby insuring the uninfluenced sedative action of Belladonna. Thirdly, it adheres with greater tenacity than others. Physicians have been prejudiced in favor of Allen's English Extract; but recent analysis, fairly conducted by competent chemists, emphatically condemns the inspissated Extract as a mild and unstable product, representing but one-half or less than one-half of the strength of the U. S. P. Alcoholic Extract of Belladonna. The following result, published in the *American Journal of Pharmacy*, in April, 1876, page 145, is furnished for your consideration, which indicates the following percentage of Atropia in the respective extracts:

Alcoholic Extract Belladonna, U. S. P.....	2.571
Allen's English Extract.....	1.411
Herring's English Extract.....	1.179

The practitioner, as well as ourselves, has but one choice.

Considering these features from a professional standpoint, we offer a Belladonna Plaster which cannot be improved upon.

## SALICYLATED SURGEON'S RUBBER ADHESIVE PLASTER.

MEDAL AWARDED AT WORLDS FAIR, NEW YORK, 1853.

---

FIRST PREMIUM SILVER MEDAL awarded by the Franklin Institute, Philadelphia; by the Mechanics' Association, Boston; by the American Institute, New York, and by the Maryland Institute. In the report of the Twentieth Exhibition of American Manufacturers, by the Franklin Institute, Pa., it is stated that

## HUSBAND'S MAGNESIA

*Is "Believed to be the best in the United States"*

Its superior qualities consist in its being entirely deprived of carbonic acid; in its freedom from unpleasant taste, smell or other disagreeable property, and without roughness or grittiness to the touch or palate. One teaspoonful of it is equal in strength to three or four teaspoonfuls of the common Calcined Magnesia—thus combining smallness of dose with the most agreeable form in which Magnesia can be administered.

## ISINGLASS ADHESIVE PLASTER.

This PLASTER has been found to be admirably adapted to Strapping after Surgical operations, and as a dressing to either incised or lacerated wounds. It is clean, of easy application, adheres firmly WITHOUT PRODUCING INFLAMMATION, and being semi-transparent, allows of an examination of the parts without their having to be disturbed by its removal, until, in many instances, the cure is affected. This plaster is not affected by age, and will bear exposure to any climate.  For sale by Druggists, and by

## Notice to Druggists.

We invite the attention of both druggists and people to the following Extract from an Act of Congress, passed August 14th, 1876, which fully protects us, and enacts severe penalties on any who sell as Pond's Extract, or the same as Pond's Extract, or to any who call for Pond's Extract, any imitation thereof.

## The above is a Friendly Caution to all.

"An Act—To punish the counterfeiting of Trade-Mark Goods, and the sale of or dealing in Counterfeit Trade-Mark Goods.

"Those parties dealing in goods 'calculated to deceive the public,' knowing the same to be counterfeit, or not the genuine goods referred to in said registration, shall, on conviction thereof, be punished by fine not exceeding one thousand dollars, or imprisonment not more than two years, or both such fine and imprisonment."

Part of Sec. 2d.—"That every person who fraudulently affixes, or causes or procures to be fraudulently affixed, any trade-mark registered pursuant to the statutes of the United States, or any colored imitation thereof calculated to deceive the public, to any goods of substantially the same descriptive properties as those referred to in said registration," &c., &c.

Persons using the term 'Pond's Extract,' in connection with the many weak imitations offered to the public, or selling these imitations as Pond's Extract, are violating the above section.

Part of Sec. 3.—"To every person who fraudulently fills, or causes or procures to be fraudulently filled, any package to which is affixed any trade-mark," &c., &c.

Those undertaking to refill a Pond's Extract bottle from anything they have in bulk, telling their customers it is the same as Pond's Extract, are guilty of violating the above section.

Part of Sec. 8.—"That any person who shall, with intent to defraud any person or persons, knowingly and willfully aid or abet in the violation of any of the provisions of this act, shall, upon conviction thereof, be punished by a fine not exceeding five hundred dollars, or imprisonment not more than one year, or both such fine and imprisonment."

All those who interfere with a proprietary article in any way, either in representing others as the same, or refilling an original package, or in counterfeiting the trade-mark, or in any way using a name already protected by law, are violating this Act of Congress.

# PARKER'S HAIR BALSAM

MARK

THE BEST PREPARATION EVER MADE FOR RESTORING THE NATURAL COLOR, LIFE AND BEAUTY TO THE HAIR.

It imparts VIGOR to the SCALP, cleanses it, and thoroughly eradicates DANDRUFF.

IT IS UNEQUALLED FOR EFFICACY IN RESTORING GRAY HAIR TO ITS ORIGINAL COLOR AND LIFE.

IT STOPS THE HAIR FALLING by imparting vitality to the roots, and stimulating the healthy action of the scalp; it thus secures the continued growth of the Hair, and prevents baldness and its final loss, which is sure to occur if the falling be not checked.

IT IS RICHLY PERFUMED, AND IS AN ELEGANT DRESSING FOR THE HAIR; it renders it soft, beautiful and vigorous, preserves its luxuriance when abundant, and restores its vitality and life when dry, harsh and decaying. IT CONTAINS COMPONENT PROPERTIES OF THE HAIR THAT ARE NECESSARY TO ITS LIFE, AND WITHOUT WHICH IT CEASES TO GROW AND FALLS OUT.

PRICE, ONE DOLLAR.

Price per Dozen, \$7.00.

HISCOX & CO., PROPRIETORS,

163 WILLIAM STREET, N. Y.

### NOTE TO THE TRADE.

A want has been felt many years for a Hair Preparation that should possess restorative properties, and yet be cleanly and agreeable.

The proprietors of Parker's Hair Balsam believe that it will fully meet this want, and are advertising it in the most extensive and liberal manner. It is meeting with great success wherever known, and dealers may feel certain that it will please their most fastidious customers.

## THE MEDICINE FOR EVERY FAMILY.

This active and efficient Remedy is sure to prove its necessity in every Household, by its high tonic and invigorating properties, its absolute harmlessness, and its prompt efficacy in removing disorders of the Stomach, Bowels and Breathing Organs.

It is certain to cure COUGHS, COLDS, SORE THROAT, DIARRHOEA, DYSENTERY, CHOLERA MORBUS, CRAMPS, COLIC, DYSPEPSIA, SOUR STOMACH, HEARTBURN, SEA SICKNESS, FLATULENCE, CHOLERA INFANTUM, and FEMALE WEAKNESS and IRREGULARITIES, and soothes and quiets the nervous system.

It is an invaluable Tonic in all cases of weakness and debility, and produces none of the prostrating effects sure to follow the use of liquors.

It is a great aid to DIGESTION, corrects ACIDITY, and surpasses all other remedies in the cure of DYSPEPSIA, CATARRH, BRONCHITIS, CONSUMPTION, RHEUMATISM, GOUT, MALARIAL FEVERS and COSTIVENESS.

As an Appetizer, it is greatly superior to Wines or Liquors, imparting Vigor and Strength to the Stomach, without intoxicating.

It is a grateful support to the aged and feeble, and is especially valuable to females and children. To the struggling inebriate it is a great aid in his efforts to reform.

It is a purely vegetable extract, prepared from the concentrated virtues of various roots, barks and herbs, so compounded as to secure the highest remedial action of each. For full explanation and directions, see circular inside.

# THE DRUGGISTS' CIRCULAR AND CHEMICAL GAZETTE.

THIS PHARMACEUTICAL MONTHLY has now been published for twenty-one years. It contains, in large quarto form, 36 pages, filled with interesting Pharmaceutical and general scientific matter of a practical character; a full and correct PRICE-CURRENT, and a large variety of advertisements, that to apothecaries, are of first-rate business value.

SUBSCRIPTION PRICE is \$1.60 a Year, free of Postage.  
Payment required in advance.

We submit a few specimens of Testimonials from subscribers, picked indifferently from a large mass of similar *friendly* letters. It is better that "constant readers" should speak for us than we should offend good taste by boasting of our own modest merits.

We find your paper very interesting and useful.—  
CHAS. A. FRASER & Co., Porto Plata, St. Domingo.

Having taken The Druggists' Circular for the last nine years, I have become so much attached to it that I should feel the loss of it very seriously. I really think it has done more to elevate the standard of the profession than all others combined. Trusting you may succeed as well in the future as in the past, I am, etc.—  
NEWTON J. FORY, Oneonta, N. Y.

To the country physician, who is, of necessity, his own druggist and apothecary, your paper is of great value. With best wishes, I am, etc.—  
J. H. McMAHON, M. D., La Vernia, Texas.

Enclosed, please find my twentieth annual subscription to THE DRUGGISTS' CIRCULAR, am getting advanced in years, (72) but take as much pleasure in reading your paper, as ever.—  
G. PAULL, Detroit, Michigan.

Enclosed, please find check for five dollars, to be placed to my credit on subscription list of your very valuable Journal. The Druggists' Circular, I think, every number, is worth to me more than the year's subscription.—  
E. L. BOGGS, Charleston, W. Va.

Enclosed, please find money order to renew our subscription to your valuable Journal. We consider it indispensable to us.—  
FICKLUR PALMER, Washington, Ga.

The CIRCULAR is a most valuable paper. I have every copy since I first began to take it in 1871. Would no more be without it, than without bread.  
L. S. STOLL, Arcadia, Iowa.

I would as soon try to get along without an assistant, as to do without the CIRCULAR.—  
J. P. PRIMLEY, Elkhart, Indiana.

I consider it the best and cheapest of all the Journals I take.—  
J. S. TUFTS, Plymouth, N. H.

All the druggists in this section of the country with whom we are acquainted, are subscribers to your valuable paper, and like ourselves, would be lost without it.—  
SWIFT & BRO., Volcano, W. Va.

Please allow me to congratulate you over the manner in which you conduct the CIRCULAR, and embody within its pages so much useful and valuable information. When I entered into the Drug business, nearly ten years ago, I became a subscriber to the Circular, and have not missed a number since. I am a subscriber to many other similar publications, but "The Druggists' Circular and Chemical Gazette" stands without a successful rival in my estimation. May the new volume see it in a more prosperous condition than ever, and find many new readers to be benefitted by its valuable instruction.—  
H. P. HAYES, Buffalo, N. Y.

Allow me to state, that I would not do without your very valuable and interesting Journal for twenty times the amount of subscription.—  
S. S. HOLLAND, Pittsburgh, Pa.

I cannot spend \$1.60 to better advantage than by sending it to you to renew my subscription for THE DRUGGISTS' CIRCULAR for 1878.—  
CHAS. A. WEIDEMANN, Phila., Pa.

Although no longer in the drug business, I am still much interested in its advancement; constant reader of your most valuable paper, from its birth, less the first year. I think I could not do without it.—  
M. KOVACS, N. Kanizsa, Hungary.

Having taken the Circular for years, it has become a necessity to me, and I wish you abundant success in its continuance.—  
J. G. NORTHCRAFT, Abilene, Kansas.

I cannot carry on the Drug business successfully without THE DRUGGISTS' CIRCULAR.—  
J. M. SHOEMAKER, McLeansboro, Ill.

I have taken THE DRUGGISTS' CIRCULAR for a number of years; also others, and I am perfectly satisfied that your Circular is the best of all.—  
C. H. SHACKLADY, Troy, N. Y.

I would rather go without my dinner for a month than not get the Circular.—  
L. J. BROTHERS, Washington, D. C.

I have taken the Circular some eighteen or twenty years; can't do without it now.—  
L. H. TITCOMB, Augusta, Me.

I have taken the Circular since 1865, and it grows better every year.—  
W. L. GREENLEAF, Winooski, Vermont.

In addition to the above, we have in stock nearly every article usually kept in a first-class Druggists' Glassware Establishment.

### LETTERED PRESCRIPTION VIALS.

In this department of our manufacture, we excel, as by our process the lettering is brought out clear, bold and distinct.

### DRUGGISTS' OUTFITS AND SUPPLIES

In this department we have an extensive assortment of goods, to which we particularly call the attention of those who contemplate commencing business, or who wish to replenish stock, consisting in part of

<b>TINCTURES AND SALT MOUTHS,</b>	<b>FRENCH COUNTER JARS,</b>
<b>RICHLY CUT SHOW BOTTLES,</b>	<b>CUT SPONGE JARS,</b>
<b>PAINTED AND DECORATED JARS,</b>	<b>COUNTER BALANCES,</b>
<b>PLAIN AND FLUTED URNS,</b>	<b>PRESCRIPTION SCALES.</b>

In a great variety of designs, shapes, patterns, and prices.

### HAGERTY'S PATENT DRAWER PULLS,

Nos. 10, 12 and 16.

These Pulls are neat, chaste and desirable, and decidedly superior to any other ever manufactured. They are made in Italian (a dark) or French (a light) Bronze, Nickel and Verdi, and Nickel Plated.

### GLASS LABELING.

In reference to the above we say that for beauty of design, brilliancy of color, and artistic finish of label, in connection with rapidity of execution of orders in this branch of our manufactures, we defy competition.

### PRIVATE MOULDS MADE TO ORDER AND PARTICULARLY ATTENDED TO.

Our superior facilities for obtaining a supply of goods from the best sources and on the most advantageous terms, being Manufacturers and Importers, are such as to enable us to offer great inducements to purchasers. We therefore solicit a call and examination of our extensive and well selected stock, feeling confident of being able to give entire satisfaction.

We have the sole New York Agency for the Celebrated Enterprise Drug Mills—Mills which are superior to all others manufactured.

Regular Size Price 25 cents. - - - \$1 75 per Dozen.

Trial Size, in Envelopes, Price 15 Cents. 90 " "

They are the only Dyes advertised in the newspapers and ladies journals. They are the only kind that is called for by the public. They color the largest amount and give the best colors of any Dyes ever invented.

**WE GIVE** The handsomest printing. The most beautiful sample cards, and the best black walnut show case. Our book entitled "Every Lady a Practical Dyer," which we give with the imprint of the Dealer, is unique, and very efficient. If you have any demand for a small package Dye, you should put in a stock of these, as they give the most dye, and the best colors for the least money.

WELLS, RICHARDSON & CO.'S

## Perfected Butter Color.

This is the only color advertised through the press to any extent, and is just what all dairy men want. It gives a pure dandelion color and never turns red, or rancid, but tends to improve and preserve the butter. Warranted to add 5 cents per pound to its selling value.

For prices please see page.

## REFINED GUM CATECHU.

IN PACKAGES,

We desire to call your attention to the new and desirable form in which we offer this article.

By an improved process the Catechu is freed from the many impurities so abundant in the crude article, and it is thereby made much stronger and better for all uses. It enables you to supply a better article to the consumer, and at the same time save the loss from waste and shrinkage of weight, which is always large when Catechu is handled in bulk. It will save a great deal of time and temper, which are quite sure to be lost when retailing the crude article. A trial order solicited.

## Laboratory Products.

---

The attention of Pharmacists is called to the following important PHARMACEUTICAL PRODUCTS, which are but a few of the many articles made in our laboratory, all of which are of unexceptionable quality.

### Medicinal Fluid Extracts

of which our list embraces about one hundred and fifty kinds.

These are all made by COLD PERCOLATION, and, UNLIKE many of the kinds offered for sale, are RELIABLE and of full standard strength. With one exception, each fluid ounce contains all the medicinal virtues of one troy ounce of the drug from which it is made.

### Citrate of Iron and Quinia

containing over Ten per cent. of the Alkaloid Quinia AND PERFECTLY SOLUBLE in cold water. Much of this preparation offered for sale is deficient in Quinia strength.

### Saccharated Pepsin.

We have for the past three years been manufacturers of this article, and it has always been known favorably as being entirely soluble, of full strength and acceptable quality.

A full special list of all our Pharmaceutical and Chemical products will be furnished on application.

## POWDERED MEDICINAL EXTRACTS

The attention of pharmacists is respectfully called to the following in relation to an improvement in preparing medicinal extracts, so that they may be readily dispensed without loss, change or inconvenience. This is readily accomplished in the *Powdered Medicinal Extracts* which are of the same medicinal strength as the solid extracts prepared in our own Laboratory, and both of these varieties are superior to similar preparations usually offered for sale.

For convenience, these Powdered Extracts meet the wants of the dispensing pharmacist, and for their reliability and medicinal action they have received the unqualified approval of those physicians who have employed them.

Our powdered extracts may in all cases be substituted *in equal weight* for the *Solid Medicinal Extracts*.

Put up in one ounce bottles bearing labels like the following:

### POWD. EXT. NUX VOMICA.

This is prepared from ALCOHOLIC EXTRACT OF NUX VOMICA, and each grain of the Powder has the same strength as the recent extract. It is quite soluble and perfectly reliable

LAZELL, MARSH & GARDINER,  
NEW YORK.

### POWD. EXT. HYOSCYAMUS.

This is prepared from ALCOHOLIC EXTRACT OF HYOSCYAMUS, U. S. P., and each grain of the Powder has the same strength as the recent extract. It is quite soluble and perfectly reliable.
