Cheney's Expectorant,

The Popular Cough Cure, Health Restorer
and Croup Preventive.

What Does It Cure?

It Cures Croup, Influenza, Bronchitis, Coughs, Colds, and all Affections of the Throat, Lungs and Nasal Tubes.

How Does It Taste?

It is pleasant to take and children even like it.

How Does It Act?

It acts almost immediately. It will prevent a cold if taken in time, or cure it if taken after the cold is contracted.

Have You any Certificates?

Hundreds from all sections of the country. A great many families are never without a bottle in the house. Even physicians endorse it.

Here is a sample:

A FATHER'S GRATITUDE.

"A few nights ago my little boy, a fat chubby little fellow, twenty months old, was suddenly attacked with a severe spell of croup. My wife and I had been out for the evening, reaching home about eleven o'clock. I noticed upon coming into the room that his breathing was very much obstructed, however not sufficient, as I thought, to cause alarm. In a short while after we retired we were roused by that unmistakable and never-to-be-forgotten-when-once-heard croupy cough. I hurried to the little fellow's bedside and found him choking badly. Having been a druggist for several years, and knowing the virtues of Cheney's Expectorant, I have always kept a bottle in the house as a precautionary measure. As quickly as possible I gave him a large dose of the Expectorant, and it gives me great pleasure to inform you that within ten minutes time the little fellow was sleeping sweetly, and all symptoms of an alarming nature had disappeared."

Yours truly,

S. C. DOBBS, Atlanta, Ga.

Price 25 and 50 Cents per Bottle.

NOTICE.

MUCH time, great expense and untiring effort have been expended to make this book fulfill the requirements of the Retail Merchants and serve as a catalogue of their wants. Let it be convenient for constant use.

1896.

Greeting

WITH the advent of another year and the promise of prosperity, succeeding the last few years of financial depression and the almost total loss of confidence throughout the commercial circles of the country, we heartily wish our friends and patrons the splendid success which the present outlook prophesies, and offer for their careful inspection and daily use, our Annual Prices Current, completely revised and remodeled, embracing the quotations of the most desirable articles, both in the Drug and Surgical Instrument line, that could not be reduced if purchases were made direct from the northern markets. We guarantee these quotations to equal those of any competitor, no matter in what section his firm is located.

The prices herein contained are correct for February 1, but frequent changes occur in the market value of goods, due to fluctuations in the general supply. Consequently we shall allow our customers the advantage of any decline from the stipulated prices and make proportionate reductions for goods ordered in large quantities.

When making your first order, if we have had no previous business relations, please enclose the cash or satisfactory references.

The electrotypes appearing in the latter pages of this book were supplied by the Mattson Rubber Co. of New York.

Thanking you for your appreciated patronage and soliciting further favors, I am,

Respectfully,

JOHN B. DANIEL.

Improved Concentrated

Spirits of Nitre.

THE CHEMICAL LABORATORY OF
ALBANY MEDICAL COLLEGE

ALBANY, N. Y., June 19, 1891.

WILLIS G. TUCKER, M. D.,

Professor of Inorganic and Analytical Chemistry.

THE ALBANY CHEMICAL CO., Wm. T. Mayer, Treasurer,
Albany, N. Y.

GENTLEMEN—On the 17th instant, I purchased a bottle of your "Improved Concentrated Spirits of Nitre" from a Wholesale Druggist in this city, and having diluted it according to the directions on the label, with nineteen parts by weight of U. S. P. Alcohol, I made a careful nitrometer test of the same. Three cubic centimeters of the product yielded 27.5 cubic centimeters of gas equivalent to 4.13 per cent. of Ethyl Nitrite. This exceeds the pharmacopœial requirement, and is considerably in excess of the percentage, which sweet Spirit of Nitre prepared by the process laid down in the present (1880) pharmacopœia can actually yield. At the same time the above test was made, I tested another sample that I had prepared from your Concentrated Nitre on the third of last April, and although it had stood since that date in a partly filled bottle, and exposed to the light, I found that it contained 3.85 per cent. of Ethyl Nitrite, this showing that the Nitre has good keeping qualities. Owing to a variety of circumstances, there is probably no medicine in common use, which is so often of inferior quality or even entirely valueless when dispensed as sweet Spirit of Nitre, and this is most unfortunate, because the remedy is one which, when properly prepared, is of much value. All trouble may be avoided and a superior product obtained by using such Concentrated Nitre as yours in its preparation, for if properly diluted, the product must of necessity be of full strength and good quality, and entirely fulfill the requirements of the pharmacopœia.

Yours respectfully,

[Signed]

WILLIS G. TUCKER, M. D. Ph. D.,
Prof. of Inorganic and Analytical Chemistry,
Albany Medical College.

AMMONOL

(Ammoniated—Phenylacetamide.)

Stimulant, Antipyretic and Analgesic.

Ammonol is a product of the Amido-benzene series ($C_6H_5NH_2$). It differs essentially from the other medicinal coal-tar products, especially, in that it contains ammonia in an active form, and has a stimulating action on all the vital functions.

It occurs in amorphous micro-crystals, having a pale yellowish color, is strongly alkaline in reaction, and has a pungent ammoniacal taste and odor.

MEDICAL PROPERTIES.

Ammonol is a powerful antipyretic and analgesic. It has no depressant effects, but on the contrary, stimulates the heart and circulatory system. It is superior to any of the coal-tar derivatives thus far discovered in the treatment of fevers and neuralgias. It is an invaluable remedy in dyspeptic disorders, for the relief and permanent cure of gastralgia, hyperacidity of the stomach and atonic dyspepsia.

Ammonol

A destroyer of the plasmodium of Malaria. Analgesic. Antipyretic. Cholagogue. Expectorant. A synergist to many drugs over their beneficial action and antidotal over their harmful effects.

Ammonol Salicylate

A freely soluble salt which is rapidly absorbed. It is tolerated easily by the most delicate stomach, and can be given when other salicylates cannot be borne.

Ammonol Excerpta

A 48 page pamphlet, with samples, mailed free to any physician mentioning this publication.

"Trilby" Bouquet.

One Oz. Bottles.

The above cut represents our latest perfume, "TRILBY BOUQUET," something entirely new. A most delightful odor, made from the popular flowers of France. These goods are put up one dozen to an easel box; handsomely kidded and ribboned, the label being lithographed in nine assorted colors, thus making it a very striking package for the retailer's show case, and a most wonderful seller. Considered by the trade superior to anything on the market.

The Barry Scale

TWIN HALF-MINUTE

CLINICAL THERMOMETER.

Simple to Understand, and
Easy to Read.

It gives a practitioner at a glance the amount of his patient's fever expressed in degrees and parts thereof. It answers the questions briefly: How many degrees of fever have I got?

And in place of saying 99, 100, 102, etc., we have it expressed in figures, from normal (0) 1, 2, 3, 4, etc., degrees of fever. A trial of this instrument will prove its importance.

Pat. March 25th, 1890.

Interior Spar Varnish.

For Floors, Bath-Rooms, Wainscoating and all Interior Work and Fine Furniture.

Is also adapted as an under coat for our "Elastic Spar Varnish" on exposed work. Can be polished or rubbed to an egg shell gloss. Will not crack, bloom or turn white, and is not affected by washing with hot or cold water and soap, or by ammonia, and is, therefore especially adapted for bathrooms, closets and stables. It closes the pores of all woods, thereby preventing the germs of disease permeating same, and is, therefore invaluable for all hospitals and asylums.

Per Gallon, \$2.50.

Imperial Polishing Rubbing.

For Pianos, Organs, Caskets, Furniture, Etc.

We call particular attention to this Varnish where a first-class rubbing varnish is wanted. It is made from the finest obtainable Kauri gum; works easily and dries quickly. The certainty of the results obtained by the use of this Varnish and its perfect rubbing properties, has rendered it the most popular Rubbing Varnish ever manufactured. It dries to rub in 24 hours and will not sweat, crack or crawl.

It is used by the largest organ, casket and furniture manufacturers in the country, and is recognized as the standard.

Per Gallon, \$2.00.

White Angola or Ivory Finish.

This Varnish is made from the whitest hard Angola gum obtainable, and is the lightest colored varnish made. Will not turn yellow, and is used extensively for white enamel work and for mixing with light colors. Can be rubbed and polished.

Per Gallon, \$4.00.

Elastic Spar Varnish.

For Yachts, Steamships, Canoes, and all Boat Work, Front Doors, Vestibules and all Exposed Work.

Possesses the greatest resisting properties to atmospheric influences, salt and alkali waters.

Has a beautiful lustre, and will not discolor the lightest woods. Makes a brilliant and elastic coating on wood or iron, and will not crack, blister, bloom, mar or turn white.

Awarded the Gold Medal at the Maritime Exhibition held in Boston, in November, 1889.

Per Gallon, \$4 00.

Sancta Claro Syrup.

It is a law of the human system that each organ should be excited to a healthy and efficient action when influenced by its appropriate stimulus.

Most of us whose constitutions are highly impressible require a blending of nutrient food with some proper liquid to stimulate the digestive organs.

Ardent Spirits not Properly Diluted Derange the Secretion.

We have made, and now offer for sale, a Syrup, in reality an Essence, which we call "SANCTA CLARO," and which constitutes solely, refined white Sugar, the juice of selected Lemons, and the active principles extracted from Fruits, Herbs, and Seeds.

One ounce or more of this Syrup, diluted with a half pint of hot, cold or aerated Water, will make a delicious Lemonade.

By adding Cognac, Rum, Arrac, Whiskey or Wine, it will make an extremely pleasant Punch, very agreeable to the taste and conducive to cheerfulness of disposition; it will remove the prevalent disease dyspepsia, and cure biliousness and ailments of the abdominal organs.

For the mixing of Cocktails and Sour Mashers, it is economical, and much superior to imported Cordials and Syrups.

For Marines, or Tourists on the Seas, when mixed with water, it is a delightful anti-scorbutic specific.

Cheney's Expectorant,

The Popular Cough Cure, Health Restorer
and Croup Preventive.

What Does It Cure?

It Cures Croup, Influenza, Bronchitis, Coughs, Colds, and all Affections of the Throat, Lungs and Nasal Tubes.

How Does It Taste?

It is pleasant to take and children even like it.

How Does It Act?

It acts almost immediately. It will prevent a cold if taken in time, or cure it if taken after the cold is contracted.

Have You any Certificates?

Hundreds from all sections of the country. A great many families are never without a bottle in the house. Even physicians endorse it.

Here is a sample:

A FATHER'S GRATITUDE.

"A few nights ago my little boy, a fat chubby little fellow, twenty months old, was suddenly attacked with a severe spell of croup. My wife and I had been out for the evening, reaching home about eleven o'clock. I noticed upon coming into the room that his breathing was very much obstructed, however not sufficient, as I thought, to cause an arm. In a short while after we retired we were roused by that unmistakable and never-to-be-forgotten-when-once-heard croupy cough. I hurried to the little fellow's bedside and found him choking badly. Having been a druggist for several years, and knowing the virtues of Cheney's Expectorant, I have always kept a bottle in the house as a precautionary measure. As quickly as possible I gave him a large dose of the Expectorant, and it gives me great pleasure to inform you that within ten minutes time the little fellow was sleeping sweetly, and all symptoms of an alarming nature had disappeared."

Yours truly,

S. C. DOBBS, Atlanta, Ga.

which admits of flushing the bowel by attaching an ordinary syringe.

Indispensable to patients with any form of Chronic or Rectal Disease, and for treatment after operations. Their use relaxes the sphincter, stimulates the sympathetic nervous system, equalizes the circulation, and in this way cures Piles, Pro-lapsus, Fissure, etc., and relieves almost all forms of Chronic Disease. It also cures constipation by increasing the peristaltic action.

FRESH ASEPTIC VACCINE VIRUS

Fluid Lymph in Hermetically Sealed Glass
Capillary Tubes and on Ivory Points.

— PRODUCT OF —

CHICAGO VACCINE STABLES.

We offer you this reliable Vaccine Virus, which we have handled with entire satisfaction for several years, and have it in both the above forms. We receive constant supplies of Fresh Points and also the Fluid Virus in sealed Capillary Tubes, which is the latest approved mode of storing vaccine, by which it is secluded from atmospheric contact, preventing all possible contamination and retaining its vaccinal activity a much longer time.

This Vaccine, both in form of Tubes and Points, is prepared under the strictest aseptic conditions and guaranteed free from Pathogenic Micro Organisms.

10 LARGE HEAVILY CHARGED IVORY POINTS, .75
10 CAPILLARY TUBES FLUID LYMPH, - .75

Each tube contains virus for one Vaccination. Fresh duplicator furnished without charge in all cases of failure in primary Vaccinations. Your orders are solicited.

Fine Stationery Free.

TO THE TRADE:

We are enabled to make a very liberal offer to those who buy **CERTAIN CATARRH CURE** through our house. With each order for one dozen bottles or more, we will send the following Stationery:

- 1,000 Noteheads,
- 1,000 Envelopes,
- 1,000 Counter Wrappers.

"Housewife" pamphlets (quantity depending on size of your town) with your name and business conspicuously printed on first page—making for you a very attractive advertisement, and one of sufficient value to be kept in every home. Do not confound this Stationery with shoddy work you may have seen from others; it is first-class, or we would not offer it. The cost to you, if paid for, would be equal to the price of medicine you are asked to order; you have a fair profit on the goods, and this printed matter is clear gain.

CERTAIN CATARRH CURE has now been on the market for several years, and the wonderful satisfaction it gives has made for it a ready sale wherever introduced. Try a dozen at once. Mail order to **CERTAIN CATARRH CURE COMPANY, ATHENS, GEORGIA**. We have arrangements with them to print matter and forward to us; we will then ship from here with goods. Price to dealers, \$8 per dozen. Discounts: 3 dozen, 6¼ per cent; 12 dozen, 12½ per cent.

Vaseline!
Oils!
Water!

The "B. T. H. Flexible" Water-Oil Atomizer.

PATENTED.

Has TWO FLEXIBLE inner tubes and TWO BOTTLES—one for water, one for oil—thus overcoming all objections to using the same instrument for both purposes.

The TUBE IN THE ATOMIZER is for producing a FINE SPRAY FROM AQUEOUS preparations. The EXTRA TUBE and BOTTLE for OILS and COARSE SPRAYS.

DIRECTIONS for removing the inner tube for changing or cleaning :

Detach the tip, push the tube that goes into the bottle upward until it protrudes, then pull gently out of the barrel. Reinsert from the same end.

NOTICE.—Do not in any way interfere with the inner tube, in order to clean it; it is sufficient to run a wire through.

THE EMPIRE ELASTIC BANDAGE.

Specially adapted for Varicose Veins.

We invite the attention of the Medical and Surgical Profession to the various merits combined in our Bandage: 1st. Its Porosity—the greatest in the “Empire.” It never causes itching, rash, or ulceration under the bandage. 2d. Its Elasticity, which will enable the surgeon or nurse to put it on at any required tension, and which will follow a swelling up and down, as the case may be, a feature unknown to any other bandage. 3d. Its Absorbent Properties—greatest in the “Empire.” 4th. Its Easy Application to any part of the body, not being necessary to fold over as with other bandages, as it follows itself with equal uniformity around any part of the abdomen. 5th. Its Self-holding qualities. No bother with pins, needles or thread, or string, so tiresome to surgeons, as simply tucking the end under the last fold insures its permanent stay until its removal for purposes of cleanliness. 6th. The only Bandage that is Superior to the Elastic Stocking for varicose veins.

Send \$1 for 3 in. by 5 yds. Bandage on Approval.

EMPIRE
ABDOMINAL
SUPPORT.

THE EMPIRE ABDOMINAL SUPPORTER

It is superior to all others for the following reasons:

1st. It adapts itself to every movement of the body, giving strong and even support. 2d. It produces warmth without irritation or sweating, as it is perfectly ventilated. 3d. In pregnancy, corpulency, tumors or other cases of abdomen, it supports weight of body from the backbone, relieving the sinews of their overwork. 4th. Its easy appliance (lace and drawn on over head or feet). 5th. It is cheap; durable. It can be washed when soiled, proper care being taken to cleanse it in lukewarm water and dry in the shade.

In ordering, give the measure of the abdomen.

SPECIFY "F. & J." WHITE ROSE.

For more than three years we have been testing and experimenting with the various brands of Otto of Rose distilled under different climatic conditions in Bulgaria as well as Germany and France, with a view of producing under our F & J. brand of White Rose the best article obtainable. We have kept careful record of the detail of our investigations not only of the Otto of Rose used in our White Rose, but of the Rose Pomade and other ingredients, and now feel that we have arrived at the **Highest Perfection in our White Rose** that has ever been accomplished by any perfumer, either foreign or domestic, no matter at what price it is offered.

We now have special brands of Otto of Rose distilled especially for our use in this odor, and we can assure its uniformity in the refined sweet and lasting aroma that has placed the odor of the rose as the "Queen" of all perfumes.

DR. BROWN'S Ginseng Tonic.

HAVE YOU TRIED IT?

If not order a gross lot this winter, and have it ready for the debilitating effects of the Spring and Summer months. You will find it the most salable article you can carry in stock.

ITS SECRET OF SUCCESS.

The great success of Dr. Brown's Ginseng Tonic is due to its real merits, which are at once recognized wherever this valuable medicine is sold. It is chemically pure and thoroughly reliable. As a healthful and pleasant tonic, it has never disappointed the hope it invited or deceived the faith it has won.

THIS IS ITS VIRTUE.

To expel malaria, build up the system, regulate the digestive organs, excite a healthy appetite and unquestionably benefit the man. It always accomplishes these results when used according to directions.

NOT AN ALCOHOLIC LIQUOR.

OFFICE OF STATE CHEMIST.

DEAR SIR: I have submitted to a thorough analysis the contents of a sealed bottle received from you, and bearing the label "Dr. Brown's Ginseng Tonic." I find the preparation to be a mixture of several organic fluid extracts, containing in all 20 per cent. alcohol. The amount of alcohol is just that necessary to hold the organic matter in solution. I am clearly of the opinion that this preparation may be classed as Proprietary Medicine; that it is in no sense an ALCOHOLIC LIQUOR, and that it does not come within the law providing for special taxation of alcoholic liquors."

Very truly yours,

H. C. WHITE,

State Chemist of Georgia.

Remember This is the Time to Buy. You can Preserve Health and Strength During the Warm Weather.

& Co.'s

FINE TOILET SOAPS.

I desire to call the attention of my customers to Graham Bros. & Co.'s **Lana Oil Complexion Soap**, as it is undoubtedly the best 10-cent soap ever offered to the trade, and is in every particular what is claimed for it. The sales of this brand have surpassed those of any other soap ever put on the market, with the exception of those advertised. I recommend it to all my customers.

TESTIMONIALS.

MESSRS. IRWIN, KIRKLAND & CO., Decatur, Ills.

DEAR SIRS—After several years' experience with your Fluid Extracts and many of your Pharmaceuticals, I do not hesitate to recommend them. Having watched the growth of your firm since it started under its present management I am pleased to note its rapid progress and well deserved popularity. The patronage which I am extending to you is evidence of my faith in your products and of my appreciation of your prompt and business like methods.

Very respectfully, L. T. SPRAGUE, M. D.,
July 31st, 1895. Pharmacist, Peoria, Ills.

POMONA, KANS., June 24th, 1895.

During a practice of thirty years I have never used a line of goods that more generally and certainly met my expectations than do the products from the house of Irwin, Kirkland & Co., of Decatur, Ills.

Trilby Pepsin and Luxury

Chewing Gum.

WE have secured the sole agency for the Luxury Chewing Gum Co.'s famous Trilby Pepsin and Luxury Chewing Gum for this market, and in order to introduce these goods quickly, we will give for a limited time only a very elegant gold-filled watch, American case, genuine nickle movements, and a very accurate time piece, with only five boxes of Trilby Pepsin and five boxes of Luxury, all complete, watch chain and charm in a plush case, and all for eight dollars.

This is unquestionably the biggest inducement that has ever been offered in introducing a new brand of Chewing Gum, and we heartily recommend this Gum as being very much superior to any now known in the trade, and will therefore give the very highest satisfaction. Send us in a trial order at once.

Very truly,

JNO. B. DANIEL.

EVERYTHING considered, we do not believe Kentucky has or has had a more enterprising distiller for the size of his plant than Mr. J. W. McCulloch, of Owensboro, who makes the brands, "Green River," "Mountain Dew," and "J. W. McCulloch." Mr. McCulloch is not what would be called a large distiller in these days, but he makes a very high order of sour mash whisky, and advertises it with an intelligence and a confidence that shows that he not only believes in the quality of the goods he makes, but that he has an unyielding faith in the efficacy of printers' ink. Mr. McCulloch does not cater to vitiated tastes, but to that class of trade who believe in quality, and who want to handle the highest grades of sour mash whiskies. During the G. A. R. Encampment there nearly every saloon in Louisville had Mr. McCulloch's whiskies prominently on sale, and many an old veteran carried back as a souvenir a bottle of one of his brands with which to tickle the palates of his friends at home. After the Encampment was over Mr. McCulloch wrote the following letter to the editor of the *Courier-Journal*, Louisville:

"Assuming that you must all be pretty dry after your hard week's work, I send you a box of the best whisky you ever drank in your life."

This letter was published in the *Courier-Journal* together with the following comment:

"Everybody noticed Mr. Culloch's magnificent advertisement in the *Courier-Journal* during the G. A. R. week. While he adheres rigidly to the old formulas in making his whisky, he is thoroughly modern and up to date in his methods of selling it. In other words, he is one of the shrewdest advertisers in the country, and allows no opportunity to pass for spreading the reputation of his already famous brands.

"When anybody sees the name of J. W. McCulloch on a bottle or barrel of whisky, he can tackle it without any misgiving, as to its quality. It's all right."—*From Bonfort's Wine and Spirit Circular, New York, October 10, 1895.*

Speaking . . . About Luck!

We hear a good deal these days about "luck." Somebody points out a business man and says:

"There's a fellow who's as lucky as you find them. Everything he touches turns to gold."

What nonsense! It isn't "luck" at all. It's common sense.

The exercise of common sense will make any man successful in business. There are degrees of success, of course. The highest degree comes to the dealer who displays the most common sense.

Take the question of dealing in whiskey, for instance. The man who makes the most money in that line is the man who does the best buying. He won't give an order for a single penny's worth to any salesman just because he's a "good fellow." The gift of fine cigars or jewelry, or anything else, doesn't influence him a bit. He takes nobody's word for it. What he wants is the best whiskey there is to be had. Nothing else will satisfy him.

There is where his common sense shows itself. He knows that the ones to be pleased are his customers. He himself cuts no figure at all. He knows that the better the whiskey the more customers he will have and the bigger the sales will be. Big sales mean big profits. Big profits turn things into gold. That is common sense. Some folks call it "luck."

We distill the purest, finest and best **Rye and Malt Whiskies** in the world. This is not an idle statement or a mere claim. It is true, because the judges at the World's Fair said it was true. It is true, because analytical chemists and professors in pharmacy say exactly the same thing. It will stand any test or any comparison.

No other whiskies equal theirs for medicinal purposes. Their purity is absolute.

No other brands begin to compare with them in flavor, smoothness and mellow richness.

We call these very best of all brands

Meredith's Diamond Club Pure Rye and Meredith's Pure Malt.

Nearly all wholesale houses carry our goods. All the best ones do. If you can't get our whiskies in your city write to us direct.

The prices of Meredith's Diamond Club Pure Rye are as follows:

M. MICHAELIS AND SONS,

DISTILLERS OF

FINEST FLAVORING OILS EXTRACTS AND ESSENCES.

We are the owners of a number of improved processes for making the **FINEST FLAVORS** for Confectionery and Drug Trade in general. Our **FRUIT OILS** and **EXTRACTS** are the standard of the world. At public expositions we have obtained the highest honors for superiority of all the goods we manufacture.

Our general business has, for the past twenty years, been conducted under our personal supervision, and we are glad to state that we have successfully acquired the knowledge of what to manufacture, import and deal in. The majority of the wholesale and retail trade have, for years past, adopted our fruit oils and extracts in preference to all others, and we can safely state that first-class druggists and confectioners will not be without them. Consumers desiring our goods can obtain them at our headquarters, or from wholesale dealers anywhere. When ordering be sure to ask for **MICHAELIS' "RED CROSS"** goods and accept no others instead, because they are the best.

We also offer a new line of

FINE "CRUSHED FRUITS,"

put up in gallon cans without sugar. Pineapple, Strawberry, Apricot and Raspberry, 1 dozen gallon cans in a case, assorted or single flavors. We furnish full directions with each order.

OUR GOLDEN FLAKE

We are now prepared to receive orders for future deliveries, and to secure prompt shipment, our friends and the trade in general will do well, on account of the immense increase of the sales, to place their orders with us now.

Golden Flake is the only reliable Gelatine to be used for improving the eating and keeping qualities of Ice Cream. Golden Flake is the old standby.

Our goods are for sale by Jno. B. Daniel, Atlanta, Ga.

Respectfully yours,

M. MICHAELIS & SONS,

Branch: 81 Murray Street,

WM. R. WARNER & CO.'S

Quickly Soluble Tablets

—FOR—

Hypodermic Medication.

In compliance with repeated requests from the Medical profession to manufacture quickly soluble Tablets for subcutaneous medication, we respectfully call attention to the following list.

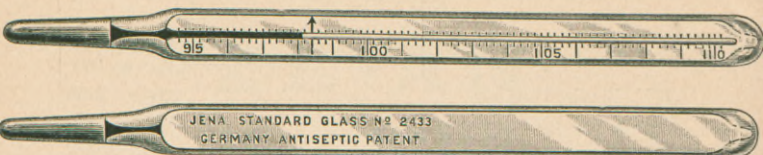

We desire to emphasize the statement, that in undertaking the manufacture of these delicate agents, we have devoted much time and labor in bringing them to a state of perfection; in this we have been assisted by the co-operation of our medical friends.

We claim (and a candid comparison will convince any one) for our soluble Tablets, the following points of superiority, viz:—

1. They are quickly and entirely soluble.
2. They are permanent in form and accurate in dose.
3. They are safe, and rapid in action.

Prices subject to a discount of 25 per cent.

NOTE—Our Tablets are put up in tubes containing twenty and packed in boxes of five tubes and one dozen tubes; also

PATENTED.

In presenting our new

“*Antiseptic*”

(REGISTERED.)

clinical thermometer, we wish to call attention to its great advantages over any clinical thermometer heretofore produced.

The scale of our thermometer is rendered especially long and open, consequently easy to read, from the fact that we have discovered an entirely new principle of rendering the index absolutely indestructible, the seat of which is in the bulb of the thermometer.

No Scale Marks or Figures appear on the surface of the instrument, a fact which causes it to be easily cleaned, and removes all danger of carrying infection, as was the case in solid stem thermometers. All marks and figures are on a separate scale, inside the tube.

These thermometers are made of the “JENA” standard glass, which is well seasoned before being used and reduces the liability of their changing their readings through age, to a minimum. They are accurate, quick in action, and their peculiar construction renders them very much less likely to break, than the solid stem thermometers.

Royal Puff Cheroots,

MANUFACTURED BY THE

LARGE AND POPULAR TOBACCO FIRM
OF BALTIMORE,

THE M. S. PACHOLDER CO.

AND OFFERED TO THE
TRADE AT

\$14 per Thousand.

This is a most reasonable price, considering the grade of tobacco contained, both in the wrappers and fillers, the care with which the Cheroots are made, and the pleasure their use affords.

All Consumers

Prefer a cool, refreshing smoke, not strong enough to burn the tongue, nor with the bitter taste that taints the cheaper article. **ROYAL PUFFS** not only compose the nerves, satisfy the desire and promote digestion, but color the fancy and play agreeably upon the imagination. Even their memory invariably recalls the comfortable dressing-gown, a pair of genial slippers and the cordiality of a bright and cheerful fire.

An Unprecedented Sale.

They are by all odds the favorite Cheroots before the public to-day. You can dispose of them without the least exertion or a word of advertisement. The fact that they are included in your stock is all that is necessary. Every sale will guarantee an increased purchase, and every purchaser will be a personal publisher of their excellence.

SUPPLIED TO THE GOVERNMENT.

ESTABLISHED 1850.

THE PHILADELPHIA TRUSS COMPANY,

MANUFACTURERS OF THE GENUINE

CHAMPION TRUSS.

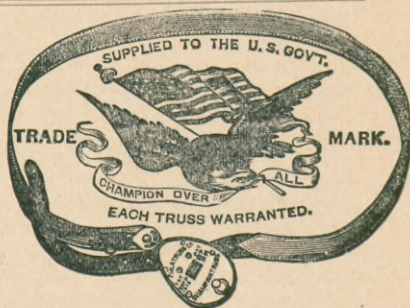

Awarded

Gold Medal at New Orleans Exposition, 1885.

* * *

Awarded

Special Medal at Centennial Exposition, 1876.

TO THE TRADE:

The extended market our Champion Truss has found all over the world, is a strong proof that it is in reality the very best Truss in the market, being safe, strong and practical. The various patterns and styles of Trusses made by other manufacturers up to the present time, have disadvantages which our Champion Truss overcomes. Beware of imitations, claiming to be as good as the Champion. The "Champion" is not only the Druggist's favorite, but has also become the Physician's favorite as well. See following letter :

PHILADELPHIA TRUSS Co.,
Philadelphia, Pa.

LEROY, N. Y., April 22, 1895.

GENTLEMEN—I neglected you yesterday but trust to-day will do. I have a good report to make about our patient. Have seen him but once since. His truss retains the hernia without any inconvenience to him in any way. He was surprised a few days after treatment to see, upon standing with truss removed, that the hernia did not come down. He reported to me immediately, and I assured him it was all right and getting in its work properly. I was not favorably impressed with the looks of the truss at first, but confess it is a dandy.

Yours truly,

W. A. MACPHERSON, M. D.

Also manufacturers of the Adjustable and Abdominal Supporter (best in use), Genuine Hard Rubber, and all kinds of Spring and Elastic Trusses, Abdominal Supporters, Elastic Stockings, Shoulder Braces, Suspensory Bandages, and Headquarters for Crutches.

DANIEL'S

Rheumatic, Neuralgic *and* Gout

REMEDY.

A Specific

For these three diseases, in each of which it has proved remarkably successful. Its test never disappoints the patient, but causes immediate relief from pain and fortifies the body against future attacks.

A FEW DOSES

Makes its efficiency apparent, and leaves the sufferer in better condition than any medicine in the market, because it is a vegetable tonic, a superb alterative, an incomparable diuretic and a gentle but sure laxative.

As a Blood Purifier

It is the Best in the World, allaying pain by removing the cause of irritation and inflammation, and can be used regardless of the weather.

Chronic Cases of Twenty Years' Standing

Have been thoroughly healed. It contains nothing deleterious, neither minerals nor narcotics.

Put in your orders at once.

DANIEL'S SARSAPARILLA

A Compound Extract and an ideal Blood Purifying Remedy, formed from those elements of the Vegetable kingdom possessing the vitalizing principles of health and the powers of restoring exhausted bodily functions.

What It Does.

It renovates and enriches the blood, gives an appetite, prepares the stomach for the reception of food, drives impurities and eruptions from the skin, leaving a softness and beauty otherwise unknown, enables the system to successfully resist the most insidious diseases and thoroughly DESTROYS and CURES

**General Debility. Faintness at the Stomach.
Pains in the Back. Syphilitic Affections.
Cancerous Sores. Humors. Constipation.
Biliousness. Costiveness. Female Weakness.
Salt Rheum. Boils. Headache. Dizziness.
Scrofula. Scald Head. Pimples.**

And every malady arising from a foul state or low condition of the blood.

From the Blood

DANIEL'S SARSAPARILLA is transmitted to all the organs and tissues of the body. Both in secretions and excretions is the result apparent, and evidence of its effects may be seen in the impure particles and effete matter expelled through the lungs, the liver, the kidneys and the skin.

Weak, Impaired and Debilitated Organs

are effectually aided, the nervous system invigorated, the digestive organs strengthened, and above all,
Builds Up the System, While it Eradicates the Disease.

Put in your orders now.

Terraline...

A purified and tasteless preparation of Petroleum for internal use—a substitute for Cod Liver Oil and its emulsions. It is not a patent medicine in any sense of the word, but is sold entirely on the prescriptions of physicians.

— IN —

Capillary Bronchitis, Phthisis, Pulmonalis, Bronchial Catarrh, La Grippe, Croup, General Anæmia.

It stands to-day without a peer in the treatment of all inflammatory conditions of the respiratory tract.

Administered in dessertspoonful doses, it modifies the cough, increases the expectoration, and generally improves the patient.

Terraline is superior to Cod Liver Oil. It does not simply palliate the cough, but allays the pulmonary irritation, improves the digestive and assimilative powers, and exerts a deleterious effect on micro-organisms.

It produces the most positive results, and can be administered indefinitely to the weakest stomachs without creating a repugnance to its use.

Its effects are especially gratifying in the depressed condition following an attack of La Grippe.

In the croupy coughs of children, and in Croup itself, it is prescribed with the greatest benefit.

A physician writes that in a case of general anæmia in an excessively chlorotic girl, the improvement was soon marked and progressive. She used Terraline three months, and gained in weight five and one-half pounds each month.

It is a reconstructive and tissue builder of great power.

Dr. Charles A. Stowell, editor of the National Medical Review, formerly Professor of Physiology and Microscopy at the University of Michigan, experimented on the lower animals, and proved that Terraline is thoroughly emulsified by the digestive juices and is absorbed without the possibility of a doubt.

Any "Terraline" or preparation of similar name, is an imitation if manufactured at any place but Washington, D. C.

MANUFACTURED ONLY BY

THE TERRALINE COMPANY,

1316 L Street, N. W., Washington, D. C.

SOLD BY ALL DRUGGISTS.

Romeo and Juliet

Had Romeo Known of the
Curative Properties of . . .

WAMPOLE'S

Tasteless Preparation of COD LIVER OIL

His mind would never have become so unbalanced as to have sought self-destruction and to have indirectly caused the fair Juliet's death.

The Hypophosphites contained therein act upon the brain soothingly and restfully; the digestive organs enter a new life, while the tonic properties convey the strength to all parts of the body.

Your health demands every season a course of medicine, and you have it in this Preparation.

For Thin and Pale People,
To Make Flesh and Fat,
For Coughs, Colds, Consumption,
And all Wasting Diseases,

It is the Best.

CAPITAIN CORNER.

(Patented August 16, 1892.)

Corner, Solid Foot and Socket in One Piece.

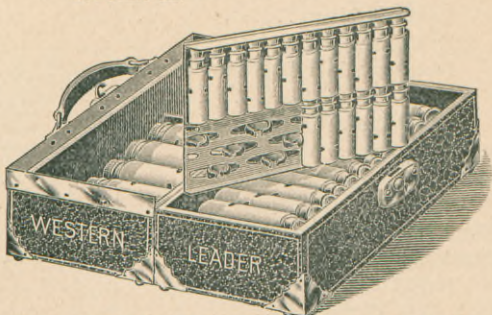

The Socket allows case to open flat, and takes all strain from the hinges. The solid feet do not wear through, and being a part of the corner do not come off.

\$5.50

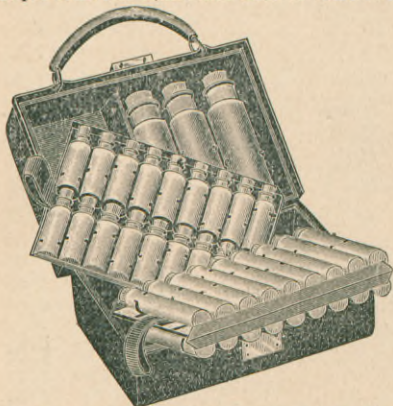

For the Latest Improved

"Western Leader."

100 Per Cent Better

than any other so-called Leader Medicine Case. Fitted with the **Capitain Patent Corners** and the **Latest Improved Western Comstock Patent One-Piece Silver Plated Spring Bottle Holders**. These all-metal Bottle Holders are removable for cleaning, and the case can be kept absolutely sweet and pure very easily. Covered with a black, morocco grained, oil filled, solid, water proof leather (cowhide), **Hand-Stitched at Edges**, with sides, bottom and top cut from one piece, making it dust and water proof. This one-piece cover extends over extra heavy hinges, thus protecting them from water, and forming double hinges for the case. Has heavy, hand-stitched handle, with metal piece through it, looped around the rings. Strong, nickel lock with key. Corks kept in by metal flanges. Contains 24 1 oz., 24 3 dr. and 4 3 oz. extra heavy, wide mouth, annealed bottles, with first-quality of corks, and sundry space $5\frac{1}{4} \times 4 \times 1\frac{1}{2}$. Size of case, $10\frac{1}{4} \times 6 \times 4\frac{3}{4}$. Weight, 20 per cent, less than other cases of same size and contents.

**Buggy and Hand
MEDICINE
CASE. No. 1920.**

\$4.50.

Dimensions: $8\frac{1}{2}$ inches long, 6 inches high and $4\frac{3}{4}$ inches wide. Round corners, devoid of bright nickel trimmings. Fitted with the **Lat-st Improved Western Comstock Patent One-Piece Silver Plated Bottle Holders**. These all metal Bottle Holders are removable for cleaning, and the case can be kept absolutely sweet and pure very easily. Covered with a black, morocco grained, oil-filled, solid water-proof leather (cowhide), **Hand-Stitched at Edges**, making it dust and water proof. **THE
GREATEST
DISCOVERY
OF THE AGE**

A Powerful Nerve Stimulant and Tonic.

Employed in the treatment of Paralysis, Epilepsy, and St. Vitus Dance, Chloral and Tobacco Habits, Sleeplessness, Nerve Exhaustion, Neuralgia, Alcoholism, Painful and Deficient Menstruation, Headache, Hysteria, Convulsions, Prostration from fainting, and the Convalescent Stage Acute Diseases.

THE MORPHINE HABIT

Can be permanently cured by the use of Passiflora Incarnata, and the vitality of the body effectually restored.

DO YOU SUFFER FROM INSOMNIA?

In this disease the Preparation acts like a charm, without producing unpleasant after effects. It is valuable in Neurosis, and reliable in chronic spasms, which are present in a great number of cases of Spinal Meningitis, and will prevent Chronic Spasms.

FLATTERING RECOMMENDATIONS

of the Medical Profession have been received from all sections of the country, undoubtedly proving the virtue of Passiflora and commending its merits to all sufferers from Nervous and Devitalizing disorders.
