REPORT OF AGENT NO. 23,300-A.

National Remedy Company.—Gentlemen:—It has been on my mind for some time to acknowledge the great benefits received from the use of your remedies. For twenty years I was afflicted with rheumatism; a times being unable to dress myself, and I am pleased to say that I have been entirely cured by the Japanese Oil and Liver and Kidney Cure. I have had a steady sale for your medicines for years; they have always given perfect satisfaction, and saved the people much money. My customers are not unmindful of this, and feel grateful to you for having placed such valuable preparations on the market. The remedies sell on their merits and when I fail to make my regular rounds, my customers call at my house from miles around for them.

Your pleasant way of doing business makes it a satisfaction to deal with you.

Very sincerely,

They are so well known now that it is an easy matter to make sales. I try to keep a large stock on hand to meet my calls but it seems I never have enough for the demand. I shall never be without them.

REPORT OF AGENT NO. 18,300-G.

National Remedy Company.—Gentlemen:—I have had great success in selling your medicines and the reason of my success is manifestly plain. It is because your remedies have ever and always given satisfaction that I have had such calls for them. One lady told me six drops of Japanese Oil saved her life in case of Cholera Morbus and Cramps; another was cured of Fits brought on by female trouble by use of one bottle of Liver and Kidney Cure. Every day there are cases reported to me where your remedies have done good work. Your dealings with me have been honorable in every way, and perfectly satisfactory to me.

Yours with respect,

J. M. Cox, Hazlet, Inds.

REPORT OF AGENT NO. 27,300-A.

National Remedy Company.—Gentlemen:—I have been selling your medicines over four years and they give perfect satisfaction. My customers say the Japanese Oil and Liver and Kidney Cure are the best in the world, and your other remedies are highly recommended by those that have used them. Since I have been buying outright for cash the agency has been especially profitable.

Your business relations with me have been the most gentlemanly of any people I have ever dealt with.

Yours respectfully,

Alfred Rector, Matfield Green, Kans.

REPORT OF AGENT NO. 15,869.

National Remedy Company.—Dear Sirs:—I have used your remedies for the past eight years with wonderful success in the treatment of almost all the diseases that human flesh is subject to, both acute and chronic—Cancers, tumors, fever sores, catarrh, liver and kidney diseases and others, and have cured many cases that were given up and pronounced incurable by the Doctors. I could not recommend your medicines too highly and wish to thank you for your honorable treatment of me.

Respectfully, your agent,

S. B. Higgins,

No. 1117 Washn. Ave., Racine, Wis.

REPORT OF AGENT NO. 10300-A. 1

National Remedy Company.—Dear Sirs:—My customers say your medicines cure when Doctors fail.

They want your remedies and will take no others. Some come ten miles to me for them. I never have to urge any one to take the second bottle.

Having used your remedies most successfully in my own family, I can cheerfully recommend them. Their merits have always been heralded by me, and I intend to keep them on hand as long as I live.

Yours very truly,

Thos. R. Brown, Bumpus, Ills.

REPORT OF AGENT NO. 12,159.

National Remedy Company.—Gentlemen:—My experience with your remedies has certainly been a most pleasant and satisfactory one. I have no trouble to make sales; the medicines sell themselves. One bottle sold in a community sells many more. I have customers that say they could not do without your Japanese Oil and Liver and Kidney Cure. Besides using the Japanese Oil in their families they use it on their Horses, Cattle, Hogs and Chickens, and even give it to the pet Canary bird,

I thank you gentlemen, for having always observed the golden rule in doing business with me.

Gratefully yours,

Thos. W. Bowen, Mystic, Iowa.

Remarks.

Some of the foregoing testimonials are shortened, owing to lack of room in this leaflet; most of the originals mention numerous instances of wonderful cures produced by our medicines, both in man and beast and state that the Doctors, who at the time, through jealousy or ignorance, denounced our remedies are now praising them and prescribing them to their patients.

We have thousands of equally strong testimonials from our agents, and those who have used our remedies many of which are published in our JAPANESE OIL HAND BOOK and other advertising matter that we furnish to Agents, (a good supply of which is sent with each box of our medicines), showing conclusively that our medicines are all that we claim and are meeting with highest favor.
