Dear Josh,

Thanks for your note and the reprint of your letter to Nature, with which I agree fully in fact, possibly because I have not read Hyatt's letter).

Answers to your questions:

- I have found, among Leavitt's papers, no draft of the history of Transformation!
- A necrological article on Leavitt has been published by Ravin - I believe in Gueter.
- I expect to be in Paris (Sip) end of June; and I would greatly enjoy seeing you again - we have not met for too long!
- I do not expect to be in Calif. in the near future - have spent 3 days near LA last June; unfortunately had to rush back - otherwise would have taken a side-trip to Stanford to see you.

Affectionately,

Bonj
