

Winkler Band

parallel

parallel

roughly parallel  
to ~~C<sub>3</sub>-H~~ C<sub>3</sub>-H  
but off to side  
nearest C<sub>2</sub>

roughly parallel  
C<sub>3</sub>-C<sub>2</sub>

parallel  
of the C<sub>2</sub>-H  
- the one on the  
same side as the base

Possible configurations

Base in side

rot 2 - 3-4 Å

rotational angle 40-45°

radius of P ≈ 8.2 Å

Titanium dioxide

alumina
