

CARNEGIE INSTITUTION OF WASHINGTON  
DEPARTMENT OF GENETICS  
COLD SPRING HARBOR, LONG ISLAND, N. Y.

April 25, 1947

Dear Curt -

It was thoughtful of you to write me about the A.A.U. U. Accord. I appreciate your interest very much. It came as a big surprise to me. I was notified rather late and it did take considerable preparation in a short period of time. The meeting was unexpectedly pleasant. It was the <sup>handsomest</sup> group of women I have ever seen - handsome or only intelligent, middle-aged women could be. I was very much impressed with them.

I am enclosing a copy of the picture that appeared in the N.Y. Times. Unfortunately, our photograph was taken to the hospital the day the photo paper was taken.

taken. It was so late that we could not  
make arrangements with another photographer  
so Vernon Ryan came to my house with  
his Leica camera. I had to do all the  
printing and it was my first experience with  
this type of work. All prints had to be taken  
with glossy paper. It is not good for printing  
but I hope to make some more prints later on  
mat surfaces because several people have  
asked for copies. Don't know when I can  
get around to it so will send the glossy-surface  
copy now.

Again, Aunt Mary thanks for your  
interest and thoughtfulness in writing to her.

Cordially,

Barbara
