My dear Mrs. Devison —

That's the
most wonderful thing that
ever happened! I came home
last night after a terrible
day at the Court on Mrs-
Hooker's trial - feeling too down
to imagine that anything
could possibly cheer me up -
Perhaps you can imagine what
the week has been like when
I tell you that I had accepted
an invitation to Mrs. Weed to
meet Dr. William Welch and
the new professor of medicine

came the letter - When the
check fell out, I just -
stared at it - then I thought
that you wanted me to look

I never can thank you

will be better to wait until
September - but what for it
will be - I don't think that
I have ever wanted anything
as much as an automobile -
I shall deposit the check
to-morrow - To-day was too
 hectic - we had oral examination
and in the midst of them
I had to give a demonstration

I belong to a visiting medical
Society -

I will write again a day
or so when I have been
over to the Dodge shop
and found out how long
it takes to get a car - I
just can't imagine how
it will seem to really own one.
I can just imagine watching
that clock go up! - I note
many about getting a car
meaning about four or five
years hence and she made
me laugh by noting that I

Thanking you more than I
