CALIFORNIA COMMITTEE ON REGIONAL MEDICAL PROGRAM  
RM 00019

JULY/AUGUST 1974 REVIEW

Application:

This application requests \$5,592,215 for the period, 9/1/74 - 8/31/75 for support of 83 projects which were developed around six program goals. Of the 83 projects, 61 are new, (\$4,251,519) and 22 are requests for continued support (\$1,340,696). The specific amounts for the six program areas are as follows:

<u>Program Element</u>	<u>Number of Projects</u>	<u>Amount Requested</u>
High Blood Pressure	25*	\$1,569,931
Health Manpower	6**	489,787
Quality Assurance	2*	156,453
Kidney Disease	13***	538,681
Access to Care	36*	2,729,033
EMS	1**	108,330
TOTAL	83	<u>\$5,592,215</u>

\* (12 mos. request)

\*\* (10 mos. request)

\*\*\* (6 projects request 12 mos. 7 projects request 7 mos.)

The CHP comments received by CCRMP were so numerous they were sent on a 312 page appendix to the application. As of June 20, comments on 57 projects had been received from 12 CHP agencies. According to CCRMP, "In a few cases, there are unresolved issues between project applicants and a local CHP agency which the RAC has instructed the staff to mediate prior to funding of projects in September. In each case, where comments have been received, approved projects have been found to be in accordance with the the area wide agency's plans, goals and objectives."

JULY COMMITTEE RECOMMENDATION

Critique:

Request: \$8,170,374

Committee Recommendation: \$7,353,000

Overall assessment by individual reviewers: Above average

Critique:

This application requests continued support for staff and 75 ongoing projects. Based on an analysis of the application alone, the reviewers noted that program activities had been developed around six program goals with priorities defined by the RAG. The staff appeared strong and very active in program development.

The RAG seemed to be a stable group which depended on the well-developed review process and three special committees.

The RMP has a good track record regarding continuation of activities after grant support is ended.

The reviewers were uncertain about CHP relations and had questions about the effect of the closing of area offices and the elimination of the area advisory groups.

Staff who had recently spent considerable time in California, studying the review process and CHP relations, explained that relations with most of the CHP(b) agencies were good but very strained in the Bay Area and San Diego. The staff also explained the long history of the area offices and the fact that the DHEW audit recommendation was to reduce the number and improve relationships with central office. Previous site visit teams had also stressed the importance of stronger central direction which is possible under the present organization.

Panel B at first recommended that the application be approved at the requested level. However, in its review of actions on 25 RMPs changed the recommendation to approval at the reduced level of \$7,353,000. The Committee concurred.

JULY/AUGUST REVIEW:

Estimated request as of May 1974 \$5,829,533

NATIONAL ADVISORY COUNCIL - June 13 -14, 1974

Council concurred with Committee recommendation.

DRMP FUNDING DECISION - \$6,986,344
