AVAILABLE: Two New Division of Regional Medical
Programs Publications

Two new Division of Regional Medical Programs publications now
available are....

Papers Presented - Conference of Coordinators of Regional
Medical Programs

On September 30-October 1, 1968, the Program Coordinators
met for a discussion of the present and future course of
Regional Medical Programs, with special emphasis on adminis-
trative problems and the relationships between the Division
and the individual Programs. The Proceedings of that Con-
ference have been published and include the formal papers pre-
sented by guest speakers, panelists, and staff, and the text
of the final summary and informal discussion.

Regional Medical Programs and Their Relationships to the Urban
Community and the Poor

This publication was developed in response to a need for
a record of some recent materials which document the
concern of the Department of Health, Education, and
Welfare and the Division of Regional Medical Programs
in the matter of health problems in our cities and among
the poor.

Either or both publications may be obtained by writing:
