Dear Jack:

Thanks. We have  
put the reprints to the  
best use.

Yes, we've had  
grapevine rumors of  
your tough decision. The  
one consolation should be that  
you can't lose.

For sentimental reasons  
I hope Stanford wins. And  
I hope west-coast selfish  
Stanford we hope either  
Cal or Stanford gets you.  
From a broader point of  
view Science will be  
ahead wherever you end up.  
Good luck  
Bendle
