Dear Doctor Lederberg:

Thank you very much for your prompt reply to my request for information regarding your present activities. Your report will be of interest to the Board of Scientific Advisers.

We note the acknowledgment to the Fund for support of your early investigations and would appreciate it very much if you could supply us with 14 more copies of the review "Recombination analysis of bacterial heredity" so that it could be included in our Bound Volume of Reprints for 1951-52.

Sincerely yours,

Mildred P. Holbrook
