Dear Dr. Lederberg:

Unfortunately, I could not find the Plasmodium slides you lent John Moore in 1944. (in the invertebrate zoology lab) There remains one other possible place for them - among General Biology slides. However, the Director of the General Bio. labs is not in residence during the summer. I will keep your note and ask her when she returns in September. Sorry that the long shot didn't pay off! (yet)

Sincerely,

Pat Dudley
