To : Dr. J. Lederberg  
Executive Head and Professor of Genetics  
Professor of Biology

FROM : Herant Katchadourian, M.D.

SUBJECT: Jake Gimbel Sex Psychology Lecture

Dr. Witkin could not come this academic year so we had to search some more and finally have settled on Dr. Sherwood Washburn, who will talk on "Evolution of Sexual Behavior."

I have written to Dean Royden and suggested that my successor consider Dr. Witkin for 1971. Incidentally, I knew Dr. Witkin in connection with his field dependence-independence work. It was good to talk to him on the telephone.

Many thanks for your help.

WITKIN
