Dear Josh:

Just a quick note to thank you for the additional comments on the XYY paper--and to repeat my thanks for the reactions you gave me in Stanford, as well as for your warm hospitality. The paper is now going through what I hope will be a final draft, if there is such a thing.

It was really great seeing you both, getting to see David at his big-boy stage and meeting your new daughter. We are truly sorry that this kind of thing happens so infrequently.

Our best to all Lederbergs.

Cordially,

Herman A. Wikkin
