Dear Dr. Lederberg:

Dr. Leon O. Jacobson
Dean Emeritus,
Pritzker School of Medicine,
Joseph Regenstein Professor of
Biology and Medical Science,
University of Chicago

At our meeting on November 3rd we discussed the possibility of an online electronic edition of the Biophysical Journal. You expressed your willingness to present a proposal describing such a service to the Board of the Biophysical Society. I enclose our draft proposal for your frank comments and your suggestions for improvements. Clearly, we want to submit a proposal to the Board which you would feel comfortable to endorse. I, therefore, look forward to your criticism of this first draft so that we can develop a more satisfactory final version.

Dr. Frederick Seitz
President Emeritus,
The Rockefeller University

Dr. Charles H. Townes
University Professor of Physics,
University of California, Berkeley
Nobel laureate

With best regards,

Dr. Frederick Plotkin
President
