Dear Professor Lederberg,

Djuring a working period last autumn in Bangladesh for a UN project I happened to encounter a newspaper article mentioning efforts from your side to organize a reorganization of international aid. (At least, I am pretty sure it was your name I say.)

I strongly agree with the need for such actions. Since, in a few weeks, I am going to present a talk at the Royal Academy of Sciences on this subject, information you might give, and which I could quote, might get specific weight.

Hoping to hear from you in this matter.

Yours sincerely,

Lars Ehrenberg
