EPRI

Dr. Joshua Lederberg  
President  
The Rockefeller University  
1230 York Avenue  
New York, NY 10021

Dear Dr. Lederberg:

We are currently revising our Advisory Council brochure to update information and to include new Council members. A copy of your biographical information is enclosed for your approval. Please read the manuscript and update and correct where necessary. Because we are planning to publish this by the summer seminar, we have a very tight schedule and would appreciate an immediate response. Please telephone me at (415) 855-2265 with your changes and approvals. ✓

Many thanks for your assistance in this project.

Sincerely,

*Susan Yessne*

*I am attending August mtg  
as an observer; have not accepted  
formal membership.*

*Planned  
6/30/82 mtg*

*Summer*

Joshua Lederberg has been president of The Rockefeller University in New York City since 1978. From 1959 to 1978 he was a professor of genetics, biology, and computer science at the Stanford University School of Medicine, and chairman of the Department of Genetics. He served as chairman of the Department of Medical Genetics at the University of Wisconsin from 1957 to 1959. In 1957, he was a Fulbright visiting professor of bacteriology at the University of California, Berkeley. From 1945 to 1947, he did postdoctoral research at Yale University and at Columbia University.

Lederberg received a PhD from Yale University and a BA from Columbia College. He also holds several honorary degrees.

Lederberg received the Nobel prize in medicine in 1958 and has appointments as a member of the Royal Society of London (1979) and an honorary fellow of the New York Academy of Medicine (1981).

Lederberg is a member of the President's Science Advisory Committee, the Defense Science Board, the council of the National Academy of Sciences Institute of Medicine, the board of directors of the Bulletin of Atomic Scientists, the science advisory board of the Institute of Cellular and Molecular Pathology, the board of governors of the Weizmann Institute, the advisory board of Technion Medical School and Research Institute, the board of directors of the Institute for Scientific Information, and the board of trustees of the Sackler Medical School.
