Dear Dr. Lederberg:

Under separate cover I am sending you two historical writings which may be of interest. One is a compilation of Bell Laboratories' contributions to innovation in industries outside of our own. Computers are included as one section. The other is a review of our work in the computer field, originally written for the Bell Laboratories Record.

It was a pleasure to meet you at the CBI discussion last week. You have my best wishes for great success in your leadership of Rockefeller University.

Yours sincerely,

M. D. Fagen/ru
