Dear Ms. Sammet

I am interested in acquiring the second edition of your book Programming Languages, History and Fundamentals. Could you please tell me when this will be published.

Thank you.

Sincerely yours,

I wish I knew! Regrettably I have not even started on the update yet! Obviously it will therefore be several years. If there is something in particular you are interested in please write or call me and perhaps I can help. I am enclosing a 1972 Language Poster which may be of some value to you; I am now working on the 1973 Poster which will be published in the spring.
