Dear Josh:

Just ✓

I have just gotten off a letter to Jack Whitehead; we'll see whether the conditions we've set out are satisfactory to him or not. The deal is just about as we discussed it, although at the very strong urging of Medical Center colleagues we have added a requirement for at least modest representation on the governing board. The basic framework stands: they get a free lease if we get about a quarter of the space.

All the best.

As ever,

Donald Kennedy
