Suggestion for Comparative Toxicology
Research.

In fact I saw John Deutch
at DoE a couple of days ago, and
mentioned your name as a
resource for helping DoE manage
its research grants program in
env. health effects. So your letter
was timely! Why don't you
call him to get the name of the
relevant asst. secy. who is acting
director for their health research.

Good luck,

enc: NYT.
