Thanks for sending me  
item in *J. Psychiatric Research*  
Comment. Very few people  
pay any attention to the histori-  
cal development of the  
Rhetoric.

Enclosed are several  
items papers with marked items.  
Note Bentley Glass -  
a close friend of mine, who  
was compelled to enter  
a correction in his interesting  
paper in the March issue of  
his *Quarterly Review of Biology*.
