

Memo/Reply From
JOSHUA LEDERBERG

TO: Dr. Frank Rho
President
Cornell Univ.

Toxicology at Cornell.

OCT 27 1980

Dear Frank -

I was most pleased to receive intelligence of this initiative (via that State Education Master Planner). Ordinarily, these items barely catch notice -- this time I will take the trouble to record most positive endorsement!

My note is just to ask for whatever further information about the program and its principals that I may have. Would you be kind enough to switch my enquiry appropriately?

I hope some thought is given to connecting this with the Medical College on this.

Joshua Lederberg
