Memo/Reply From

TO:

Mr. David Rockefeller

May 11, 1979

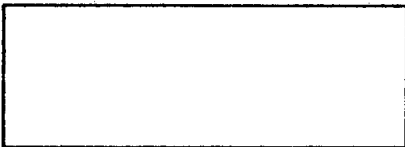

Dear David:

I very much appreciate your thinking of me for events like the luncheon for Prime Minister Ohira. They have intrinsic interest and importance, and are most helpful to my own lifelong education. And they are good occasions to encounter others who may eventually be helpful to the University.

The Prime Minister's answer to my questions about Japan's role in assisting development, especially in health was not altogether persuasive. At best I am not aware that they have been so visible in international health: but my information may be defective or dated. At any rate, my thanks to you.

Yours sincerely,

Joshua Lederberg
