Dear Sarge

OCT 29 1979

Thank you for returning my call - I know how busy you must be. So I am even more thankful about what might be further invitations or your time. But harking back to my 3 hour seminar with you, at the Peace Corps, or DNA I know you would find this place as exciting as I have; and visiting here might just not be another "burden".

Anyhow, here are a few dates (attached) "just in case" -- you'd enjoy the company as well as the content; and in any case Eunice or you or both would be most welcome any time you could make it here!

All the best,

Joshua
