Dear Dr. Lederberg:

On Wednesday evening, September 27, 1978, the American Technion Society is tendering a dinner in the Hotel Pierre, New York City, in celebration of the twenty-fifth anniversary of Technion's move to its campus on Mount Carmel, Haifa, Israel.

To properly commemorate this milestone, the Society will be conferring an award upon a fellow Nobel Prize laureate, Dr. I. I. Rabi, in recognition of his commitment towards the advancement of science in the United States and Israel.

Participating in the conferral of this award will be Major-General (Res.) Amos Horev, President of Technion and Mr. Evelyn de Rothschild, Chairman of its Board of Governors.

We would deem it an honor and privilege to have you grace the dais as a dinner guest of the Society on the occasion of this special tribute to Professor Rabi.

We look forward to your early reply.

Sincerely yours,

Henry Taub
Dinner Chairman
