

Personal memo from  
JOSHUA LEDERBERG

Morton Weir  
Chancellor  
U/I

12/24/90.

Your kind invitation - Beckman  
Dear Chancellor Weir -

That it has taken a scandalously  
long time for me to reply is pathognomonic  
- a too heavy travel schedule, and a  
short-handed office staff at this time.

I think the Beckman Institute  
development is wonderful; and I  
know more than a little about it.  
But I'm sorry, my plate is too  
heavily burdened already. I do  
wish you all the very best!

Sincerely,

Jim Leahy

In the 1950's I used to visit Urban  
family often. I was at Madison;  
Lerie was there and my brother  
Seymour took his Ph.D. in 1955. So  
my sentiments are unabashedly  
positive. Too bad that doesn't  
amplify time.
