

Dec. 23rd 1954.

Dear Professor Lederberg,
Thank you for your kind letter of Nov. 5th
in reply to my application for an opportunity to work in your laboratory
in the coming academic year.

However, in view of the fact that your accommodation appears to
be so limited and moreover that I am given to understand that
you yourself will be absent in Europe at this time, I feel that
perhaps it might be more advisable for me to investigate the
possibilities in some other laboratory.

Thanking you again for your interest in this matter +
apologizing for any inconvenience I might have caused by my delay
in replying. Wishing you and your wife the seasons greetings

Yours sincerely,

Raprao. C. Bawa
