

Petri Day ↙

JUL 29 1988

Bombardia, et al.

Good to hear from you! I'll follow
up your references

I now recall having met Jean
Mayo in Adelaide in 1957. I'm
sure we talked about Bombardia
then, but don't remember any detail.

The Zirkler reference is volume
52 (1954) not 7 (1957). Not a
print worth much effort now.

I recall (ed?) Jean Mayo as being
younger than myself, am surprised
to hear she's retired. But I'll write
her.

Yours,
