Sir,

Herewith I send you, as promised a year and a half ago, a copy of the tape and the transcription of the interview on the birth of SCI.

I would like to thank you, once again, for the generosity to spend some of your time to talking with me about the early days. If you have any comments on the text as it is (of course I will not use it in this form), I will be happy to receive them. At the moment I am in the States again (at ISI), where I can be reached via Al Welljam-Dororf.

The manuscript will be ready at the end of 1994. I will send you drafts of texts in which you are mentioned in the coming year. Of course, you should not feel obliged to answer them, the responsibility rests solely with me. But if you have any comments, I would be grateful indeed.

Thanks again,

Sincerely yours,

Paul Wouters
