Dear Ed: *advising*

I will send you W-478 during the next couple of days. I hope you find it useful in your studies.

As I wrote earlier, I would send out cultures only on an unconditional basis, and that applies here too. I do think it would be the better part of courtesy to refer requests here. Anyone who asks will get it.

That was a fine article in Bact. Rev. I must admit I overlooked it at first, until I received the reprint, as it was hidden under Lwoff's edifice, alas!

Yours sincerely,

Joshua Lederberg
