Med Sci in ^{Friction} literature

Rediscovered. De Adhæsione through listings in Frictional
(I had mixed it in Equinox - must have read about same
time. and doubtless had an = ungrat. (1842-3)^{40?}
= hydrodynamis?

and struggles of Albert Woods - Wagner (1952)

(But) think this was recommended to me in 1880's.
By whom? I think I had a copy but
Esther probably kept it.

of my letter to Louise Kellogg

12/30/74 memo on Addams / Fineman

Addams uses "detachment" to console himself
since Irene. But this was the root of his loss.

Fineman does see that the menial
secretary and reinforces his isolation - one can
hardly be a pathfinder and iconoclast; and at
same time the beloved of the group.
