Dr. Paul R. Burkholder
Osborn Botannical Laboratory
Yale University,
New Haven, Conn.

copy

Dear Doctor Burkholder:

We were pleased to have you stop at our booth at the International Science Exhibition held in connection with the recent AAAS Convention in Boston.

As requested by you, I am inclosing a list of Science Clubs in the New Haven area that are affiliated with Science Clubs of America.

I am also inclosing some literature on Science Clubs of America and an application card. We will be glad to affiliate your science club in this organization.

Of course, there is no charge for affiliation.

Joshua ^{Letterburg} Letterburg, a former club member is doing graduate work at Osborn Botannical Laboratory on a Childs' Memorial Fellowship. I am sending him a carbon copy of this letter in the event you care to get in touch with him relative to his experiences with science clubs.

If there is any further information you desire, please do not hesitate to call on us.

Best wishes for the New Year!

Cordially yours,

HP:FGK

Henry Platt
