

June 20, 1949

Dear Joel,

I would very much appreciate a copy of your paper "Problems in microbial genetics" *Heredity* 2: 145. 1948.

I've thought Le Dad gave me a copy - but he didn't. - and I would like very much to have a reprint.

Thank you so much for that Lac- mutant. You certainly gave it your prompt attention

Regards to Father.

Sincerely,  
William Schneider
