My dear Josh,

I am amazed that (a) you have kept my letters of 24 years ago and (b) you would wish posterity to be able to read my deathless prose. Of course, I gladly give you permission to deposit my letters wherever you feel they ought to be put.....

No, I have not thought about  $C_1CH_2CO_2^-$  since then: I have been promoted from  $C_2$ - to  $C_6$ -compounds since then!

Warmest regards, & all good wishes for 1999

Ever yours
