Joshua Lederberg
President
The Rockefeller University
1230 York Avenue
New York, N.Y. 10021

Dear Josh:

I have just received and read with admiration and profit the first number of Research Profiles which you sent to me.

It gives me the opportunity, as a Rockefeller Institute alumnus (1921-26), to belatedly offer you my congratulations as the President of Rockefeller University and to wish you and my alma mater continued success and productivity.

Please convey my greetings to Dr. Allfrey and any others on the staff who may remember me. I am now 84 and still working at the Physiological Research Laboratory of U.C.S.D. Professor Fred N. White is now the Director of our laboratory, having succeeded the late Professor Scholander, two years ago. He would like to have his name added to those who will receive future issues of Research Profiles.

With warm regards.

Sincerely yours,

Baird Hastings ↓ ↓

Research Associate in Neurosciences
U.C.S.D. Medical School

ABH:kw

How nice of you to write. It was good to hear from you. Of course I will put Dr. White's name on the list.

*Yours,
Jim*
