### Some history of Neurospora

Dear Carl -

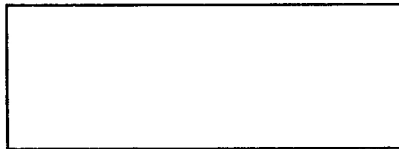

I am trying to pin down some documentation on the precise dates of various events. Have you kept correspondence files back to your days at Cal Tech << 1941?

① In particular do you have any copies of letters or notes to El Tatum or George Beadle dating to 1941 or earlier?

② Do you know the precise dates, hopefully to month and year, when you supplied the strains mentioned in the 1941 paper?

③ Lost in my files are many old reprints; do you have a bibliography of your writings on Neurospora?

Best wishes,
