Tax Credits.

It is a very good idea (and I mean that more than generously). Have you discussed it with Frank P. Ross or Dick Atkinson?

But I think many companies will demand to keep their R+D close to the vest and worry about proprietary rights and secrets. But plainly a tax credit will bolster corporate philanthropic motives and may be the most effective where there is a commonness in the public's expectations of new knowledge.

TO:

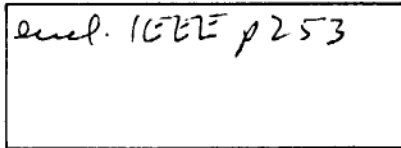

Is Pat Haggerty still active on this?

Do you still exercise ARPANET?

~~Don't~~ login 2-3 x per week still  
LEDERBERG@SUMEX.

Yours,  
J.

P.S. I expect to attend a fair number of the CFR early evens. If you do, please carry for a drink. J.
