

ACADEMY OF MEDICAL SCIENCES OF THE  
INSTITUTE OF NEW ANTIBIOTIC

June 3, 1980

Dear Professor Lederberg:

I remember with great pleasure meeting you some years ago in Geneva on the occasion of a meeting of Advisory Committee on Medical Research of the World Health Organization.

Earlier this year I received an invitation from The New York Academy of Sciences to join the Academy. For this purpose they need a letter of recommendation from one of their members. I worked with the late Professor Tatum in 1965 in the Rockefeller University, and I am sending you herewith some of my publications. I should be grateful if you could kindly send a letter of recommendation for my election to the New York Academy of Sciences to the following address:

Dr Sidney Borowitz  
Executive Director  
THE NEW YORK ACADEMY OF SCIENCES  
2 East 63rd Street  
New York City 10021

Sincerely yours,

*G. F. Gause*
