of Philosophy, etc.

Thank you for these notes. I have  
ordered Calvin.

Have you made any contact  
with the new NYU Institute of  
Humanities. I know Dick Scunitt  
is looking for intersections with  
science and medicine.

What did you think of Marie Curie  
(on TV) and Roslyn Jalow? Her  
little girl was enthralled at the  
Coke-mold idea!

Does Karl's raised prove your  
point on the death of the  
\* 4 1/2 \* definitive?

Yours
