Dear Josh,

Thank you so much for a delightful weekend. It was great to see all of you after such a long time.

Enclosed are some of the materials that we discussed. I hope that they will be helpful to you. Our talk the other night was extremely useful, and stimulated me to start thinking about "interview strategies."

Since returning to Washington I have received notification of my acceptance at Duke Medical School! (I interviewed there last spring). Needless to say I am thrilled, although I will not make a final decision until I have heard from several other schools. Yale continues to be my first choice. I am enclosing a list of the addresses of the four schools that are of particular interest to me. I deeply appreciate your willingness to write on my behalf, as well as your general wisdom and advice. If I find myself in the happy position of having to make a choice between schools, I hope that I can again seek your advice.

Mom and Dad join me in sending best regards,

P.S. Just a reminder that my official name is Margaret Ann Hamburg
