Dear Josh,

... The enclosed copy of a letter to McNamara refers to the end of a trip to South America by Candau, Peterson (former head of UNDP) and me, for PAHO, to assess and make recommendations for future action on their Pan-American Zoonoses (Argentina) and Aftosa Centres (Brazil).

... Since you probably will not receive the mentioned issue of the Newsletter for some weeks (sea post) I enclose a zerox copy.

Lenna and I expect to be in New York during the week of 12 May and I hope we can get together with you and Marguerite. There is much to discuss. ✓

Cordial regards,

M.M. Kaplan
