

cw 2/1268 Zermatt mit Matterhorn

December 20, 1968

Dear Joshua:

I was moved by your warm message of Oct. I am sorry for the slow response but you know how much this kindness meant to me. In particular, I hope and pray that as I proceed further, I may remember the advice you gave me in your letter.

All the family is now relaxing (the children are skiing) in these beautiful surroundings.

With all good wishes for the festive season. With affection and
